The Wider Ecumenism Compass:

The Wider Ecumenism Eugene Hillman, 1968 By accepting the full implications of current salvation theology Christians today are compelled to ask themselves precisely why they are Christians and why they should be concerned at all about the existence of the Church anywhere and at any time If the very same saving grace of Christ is universally available to all men simply because they are men and if all religions manifest an anonymous but nonetheless effective operation of grace then what exactly is the purpose of the Church in history The answer and thus the authentic meaning of the Christian vocation is to be found only in a dynamic pentecostal evangelical ecumenical and sacramental relationship with all the others the vast majority of human beings who must live and die with no one to tell them of Christ Without this living relationship and the far reaching demands proceeding therefrom our Christianity is simply the moribund culture religion of Western man and our churches are indeed the sepulchres of God For Christians are true to their calling and the Church is alive only to the extent that they exist for the whole of humanity *The Wider Ecumenism, Etc* Eugene Hillman, 1968 *The Wider Ecumenism. Anonymous Christianity and the Church* Eugene Hillman, 1968 **The Tablet**, 1876 **Church Laws and Ecumenism** Norman Doe, 2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in religious institutions and policy makers *Hearing Many Voices* Dale T. Irvin, 1994 The ecumenical movement is by definition a complex multifaceted project that encompasses a diverse agenda and resists any singular definition By examining the various aspects of ecumenical history this book charts the search for diversity and dialogue in world Christianity Contents A DIALOGICAL AFFAIR Ecumenical Unity Ecumenical Diversity Understanding Dialogue The Multiplicity of Meaning Focus on the WCC COMMUNITY AND DIVERSITY IN FAITH AND ORDER Intending to Stay Together Faith and Order and the Quest for Visible Unity The Solidarity of Reconciled Diversity ECUMENICAL PRAXIS IN A WORLD OF DIFFERENCE The Search for Ecumenical Coherence The Search for Coherence through Reconstruction of Christendom
