The World's Work ,1918 **A Biblical Case for Women Pastors, Elders, and Deacons** Seth M. Knorr,2023-04-01 An argument for Women Pastors Elders and Deacons based solely on the Bible and backed by historical evidence After discovering a textual variant in early Greek manuscripts which were supported by early Greek scripture quotations from the early church fathers the author realized this variant reading provides the important context which reverses how many are currently understanding Paul s apparent prohibition of women teaching in the pastoral epistles The discovery of this variant completely changed the authors thinking and prompted a thorough study of the topic Setting cultural arguments aside and relying solely on the text of Scripture this book answers the critical question Do these passages prevent women from being pastors elders and or deacons After an in depth study the author concluded that there is zero biblical evidence based on the original text of Scripture to support prohibiting women from holding leadership positions of pastor elder or deacon in the church
