**The Myth of Real Democracy and Other Myths of Modernity** Brian V. Peck,2011 One of the most savage critiques of Modernity ever written on so called Democracy in its many forms Meritocracy What is Truth Fact or Fiction the Mass Media and Individualism Meaning in essence that Socrates famous axiom is as relevant today as it was in the past which was according to Plato that the unexamined life is not worth living **?Tough on Crime?** Luis Gomez,2001 Inside these pages you will find examples of good people caught in the claws of merciless and or inept Law Enforcement components An uncaring judicial system coupled with poor policing produces very sad results The ten cases discussed in this work are proof that the Tough on Crime thesis of present day politicians is very dishonest **A Small Book of Essays on Peacemaking Criminology** Louis J. Gesualdi,2024-10-14 In this concise and valuable collection of essays Louis J Gesualdi provides readers with an understanding of peacemaking criminology Peacemaking criminology is a humane nonviolent and scientific approach in its treatment of crime and the offender It looks at crime as just one of the many types of suffering that exemplify human life Efforts to put a stop to such suffering according to peacemaking criminologists should take into account a main rebuilding of America s social institutions such as the economic system the criminal justice system and the health care system so that they no longer create suffering The United States as a society pays no notice to prevention but rather adheres to the belief of imprisonment and punishment The twelve essays in this book focus on how peacemaking criminology aids in the prevention of crime the rehabilitation of offenders and involves the core principles of social justice and human rights

**Criminology: Past, Present and Future** Ezzat A. Fattah,1997-10-13 Written by an internationally renowned authority in the field the founder of the highly regarded School of Criminology at Simon Fraser University the book draws heavily on research done on three Continents North America Europe and Australia to trace the discipline s historical evolution its current problems disappointing achievements and promising trends It concludes with a prospective look at the future of criminology and criminology of the future Although the perspective is critical the author s critique is constructive and he expresses a healthy optimism about the discipline s future and offers several guidelines as to how current deficiencies could be remedied and present gaps could be addressed **Behaving Badly** Judith Rowbotham, Kim Stevenson,2017-03-02 Both the Victorian age and the late twentieth century are often characterised by contemporaries as times of apparent economic affluence and stability They are often depicted as periods that shared a conviction that the stability of society including its affluence was threatened by the activities of social deviants These essays aim to examine crime of a socially visible nature in the context of social panic and moral outrage in both the Victorian period and the late twentieth century Through a series of interconnected case studies exploring the social and legal responses to such offences and their public presentation through popular reporting and the court system a series of apparent continuities as well as discontinuities are highlighted in the making of legislation The innovative approach taken by the editors and contributors to concepts of crime and bad behaviour

make this essential reading for academics and practitioners The interdisciplinary focus of the book allows it to locate the legal processes and system firmly within the socio cultural context instead of examining it as a discrete area of individual study making this text central to work in law criminology and social policy and history **Sense and Nonsense about Crime and Drugs** Samuel Walker,1994 Contemporary provocative and practical this new Third Edition of Sam Walkers widely used SENSE AND NONSENSE ABOUT CRIME AND DRUGS offers a pragmatic and sometimes unsettling look at the crime problem in America Walker presents a wide spectrum of views concerning criminal justice in contemporary America and aids readers in cutting through myths and political rhetoric and stimulates critical thinking **Prison Legal News**

Curran,Austin Fowler,Richard H. Ward,1973 **Crime** Robert D. Crutchfield,George S. Bridges,Joseph G. Weis,1996-02-09 This is a solid representation of criminological articles that are important to the discipline The important material from each article has been retained yet an undergraduate won t be overwhelmed The articles are germane and flow together a certain consistency in thought is presented to the student as opposed to interesting but often semi related articles This book is accessible and in several areas very enjoyable reading A L Marsteller Drury College Also by
