

Tune In

Mike Jess

Tune In:

Turn On, Tune In, Drop Out Timothy Leary, 2024-11-18 Written in the psychedelic era Turn On Tune In Drop Out is Timothy Leary at his best beckoning with humor and irreverence a vision of individual empowerment personal responsibility and spiritual awakening Includes Start Your Own Religion Education as an Addictive Process Soul Session Buddha as Drop Out Mad Virgin of Psychedelia God s Secret Agent o Homage to Huxley The Awe Ful See Er o The Molecular Revolution MIT is TIM Backwards Neurological Politics Trickster is a major figure in American Indian folk Wisdom Also in Sufi Tales a certain type of rascal with a grin and a wink and wisdom beyond wisdom in the Zen tradition this is known as the School of Crazy Wisdom Timothy Leary in his own inimitable way has become the twentieth century s grand master of crazy wisdom Dr Jeffrey Mishlove

Turn On, Tune In, Drift Off Victor Szabo, 2023 Turn On Tune In Drift Off Ambient Music s Psychedelic Past rethinks the history and socioaesthetics of ambient music as a popular genre with roots in the psychedelic countercultures of the late twentieth century Victor Szabo reveals how anglophone audio producers and DJs between the mid 1960s and century s end commodified drone and loop based records as ambient audio slow spare spacious audio sold as artful personal media for creating atmosphere fostering contemplation transforming awareness and stilling the body The book takes a trip through landmark ambient audio productions and related discourses including marketing rhetoric artist manifestos and interviews and music criticism that during this time plotted the conventions of what became known as ambient music These productions include nature sounds records experimental avant garde pieces space music radio psychedelic and cosmic rock albums electronic dance music compilations and of course explicitly ambient music all of which popularized ambient audio through vivid atmospheric concepts In paying special attention to the sound of ambient audio to ambient audio s relationship with the psychedelic New Age and rave countercultures of the US and UK and to the coincident evolution of therapeutic audio and head music across alternative media and independent music markets this history resituates ambient music as a hip highbrow framing and stylization of ongoing practices in crafting audio to alter consciousness comportment and mood In so doing Turn On Tune In Drift Off illuminates the social and aesthetic rifts and alliances informing one of today s most popular musical experimentalisms

Tuning-In Ronald D. Gordon, PhD, 2018-02-27 Last night I finished reading all the rest of this lovely book After each short chapter rich with wisdom and love I just kept being moved by Ron Gordons life path as poet philosopher educator and person centered practitioner May this book soon be in many peoples hands and homes and in classrooms and therapists offices Had Carl Rogers known Ron I imagine he would rest well knowing what Ron has done with his work and beyond Gay Swenson Barfield PhD Gay Swenson Barfield along with Dr Carl Rogers was founding codirector of the Carl Rogers Institute for Peace at the Center for Studies of the Person La Jolla California She is currently in private practice as a licensed marriage and family yherapist This book is absolutely great Im thoroughly enjoying and benefiting from this brilliant book in countless ways Bravo This book will deepen and enrich your life

Old-Time Music Makers of New York State Simon J. Bronner, 1988-01-01

Ask an old timer what life was like in rural upstate New York during the nineteenth and early twentieth centuries and you will hear about the dances and bees that brought villagers and farmers together You will hear of favorite fiddlers who held center stage with dance tunes taken from early British and American sources You will hear of old time music and its significance to a people making the transition from a rural agricultural life to an urban industrial one Old Time Music Makers of New York State is the first book published on this rich legacy of traditional Anglo American music and dance It traces the development of old time music beginning with its movement into New York State from New England in the early nineteenth century and to its combination with commercial country music in the twentieth century Exploring the regional character of the music and its meaning to the people who enjoy it Bronner introduces memorable figures from the major periods in the development of old time music and he places their stories their lives and their music in the context of the region's cultural and historical changes This is much more than a regional study however Bronner brings to the fore issues of national scope and interest He discusses the relationship of old time music to the commercial country music with which it has been closely aligned and he challenges the prevailing wisdom that the origins of country music are in the South Musician fan folklorist and historian alike will benefit from and enjoy this book The many musical transcriptions annotations photographs and appendixes provide a valuable reference to be used again and again
