Turn Shake Flip:

Turn, Shake, Flip, 2001 *Fidget* Kenneth Goldsmith, Darren Sean Wershler-Henry, 2000 Poetry FIDGET is Kenneth Goldsmith's transcription of every movement made by his body in a period of thirteen hours Originally commissioned by the Whitney Museum of American Art as a collaboration with vocalist Theo Bleckmann FIDGET attempts to reduce the body to a catalog of mechanical movements by a strict art of observation The stress of this rigorous exercise creates a condition of shifting reference points and multiple levels of observation that inevitably undermines the author's objective approach and the trajectory of the work begins to change Kenneth Goldsmith is also a visual poet and music critic
