Scandinavian Penal History, Culture and Prison Practice Peter Scharff Smith, Thomas Ugelvik, 2017-07-28 This book draws on historical and cross disciplinary studies to critically examine penal practices in Scandinavia The Nordic countries are often hailed by international observers as model societies with egalitarian welfare policies low rates of poverty humane social policies and human rights oriented internal agendas This book however paints a much more nuanced picture of the welfare policies ideologies and social control in strong centralistic states Based on extensive new empirical data leading Nordic and international scholars discuss the relationship between prison conditions in Scandinavia and Scandinavian social policy more generally and argue that it is not always liberating and constructive to be embraced by a powerful welfare state This book is essential reading for researchers of state punishment in Scandinavia and it is highly relevant for anyone interested in the Nordic Model of social policy

Strategy Mix for Nonprofit Organizations Annette E. Zimmer, Christina Stecker, 2013-03-19 In many countries particularly in continental Europe societies have been plagued by high unemployment for several decades Simultaneously due to recent shifts from industrial to service oriented post industrial societies labor as a significant culture code is increasingly losing importance Because of this the third or voluntary sector as a place of employment and as a service agency to society has become important for Europe as indicated by the 1997 Communication of the European Commission and various declarations by the European Parliament and the EU s Economic and Social Council *Strategy Mix for Nonprofit Organizations Vehicles for Social and Labor Market Integration* explores the role of the third sector in Europe where unemployment is high and in North America where unemployment is rising and exploring the gaps that the third sector is fulfilling both as a social service and as an employer The volume is organized into two distinctive parts Part 1 *The Nonprofit Sector and Social Integration* highlights the embeddedness of the sector in selected countries it discusses how the sector is currently affected by changes of public policy particularly in the traditional social democratic welfare state regimes and it draws our attention to the sector s potentials to provide avenues for social integration self actualization and civic empowerment Part 2 *Labor Concepts and Market Integration* refers to the multifunctionality of third sector organizations discussing potentials of workplace as well as community involvement via nonprofit organizations This seminal volume will be of interest to those in the nonprofit sector organizational management and economics political scientists and other researchers working with nonprofit organizations and civil society studies on an international level

Swedish Alcohol Discourse Caroline Sutton, 1998 The Nonprofit Sector in Sweden Tommy Lundström, Filip Wijkström, 1997 An account of the non profit sector s development and current position in Sweden After defining and outlining the historical and legal framework of the sector the authors use quantitative data from a variety of perspectives to analyze its composition structure resource bases and relations with the state The volume concludes with a critical examination of past research and a look at the future of the sector within the context of a number of welfare state crises
