Twelve Plays:

Twelve Plays Joyce Carol Oates, 1991 Oates displays her amazing versatility with these emotionally charged powerful plays with contemporary themes Greensleeves portrays a girl's grief after her friend dies of AIDS Ballad of Love Canal shows the effects of toxic waste on one family Feminism is the theme of I Stand Before You Naked a collage play in which 12 different women expose their souls to the audience Many of the plays deal with the difficulties of relationships In Black a man his ex wife and her new black lover form a strange triangle In Tone Clusters the amplified voice actually becomes a character in the play The Eclipse is dominated by a shadow falling across the stage Many of the plays are experimental and surreal and are meant to be performed before an audience ISBN 0 525 93376 X 19 95 *Twelve Plays* Edwin Van Berghen Knickerbocker, 1924 Theatre for Youth Coleman A. Jennings, Gretta Berghammer, 1986-06-01 Since the beginning of the theatre for youth movement in the United States at the turn of the century the majority of plays written for children have been fairy tales By the 1960s however encouraged by changes in social attitudes toward children playwrights began to respond to a growing tendency on the parts of both parents and teachers to have children face rather than avoid the more difficult truths of existence Thus children's dramatic literature was opened to new subjects themes and characters previously considered unsuitable for the young audience Theatre for Youth seeks to identify and illustrate this trend by examining twelve plays that deal with mature themes aging death and dying conformity sexuality divorce moral culpability The plays have been chosen not only for their mature content but also for their professional integrity the delicacy with which they handle their subject matter and their respect for their intended audience A foreword by Jed H Davis an introduction and summary paragraphs for each play by Jennings and Berghammer and a lengthy annotated list of suggested plays for further reading or viewing make this volume extremely useful both for directors of children's theatre and for teachers 12 Plays Janet E.
