Michael Haralambos, Martin Holborn

Understanding And Dealing With Violence Vol 4 A Multicultural Approach:

Socio-Spatial Inequalities in Contemporary Cities Alfredo Mela, Alessia Toldo, 2019-05-11 The book explores social inclusion/exclusion from a socio-spatial perspective highlighting the active role that space assumes in shaping social phenomena. Unlike similar books, it does not discuss exclusion and inclusion in particular geographical contexts but instead explains these phenomena starting from the dense and complex set of relationships that links society and space. It particularly focuses on social differences and how the processes of exclusion and inclusion can produce a highly spatialized understanding of them, for example, when particular groups of people are perceived as being out of place. At the same time, within the context of the different approaches that policies adopt to contrast the phenomena of social exclusion, it examines the role of participation as an instrument to promote bottom-up inclusion and cohesion processes.

Queers, Bis, and Straight Lies Meredith Worthen, 2020-03-16 Though there have been great advances for LGBTQ people in recent years, stigma, intolerance, and prejudice remain. *Queers, Bis, and Straight Lies: An Intersectional Examination of LGBTQ Stigma* offers an in-depth exploration of LGBTQ negativity through its ground-breaking use of Norm-Centered Stigma Theory (NCST), the first ever theory about stigma that is both testable and well-positioned in existing stigma scholarship. Based on research with more than 3,000 respondents, hetero-cis normativity and intersectionality are highlighted as fundamental in understanding separate but interconnected discussions about LGBTQ individuals' experiences with discrimination, harassment, and violence. With chapters dedicated to lesbian women, gay men, bisexual women, bisexual men, trans women, trans men, non-binary, genderqueer people, queer women, and queer men, *Queers, Bis, and Straight Lies* brings together empirically driven findings that work toward dismantling straight lies in an innovative and impactful manner. Through its novel and critical approach, *Queers, Bis, and Straight Lies* is the ideal resource for those who want to learn about LGBTQ stigma more broadly and for those who seek a nuanced, theory-driven, and intersectional examination of how LGBTQ prejudices and prejudicial experiences differ by gender identity, sexual identity, race, ethnicity, and class.

Critical Approaches to Women and Gender in Higher Education Pamela L. Eddy, Kelly Ward, Tehmina Khwaja, 2017-01-12 This volume provides a critical examination of the status of women and gender in higher education today. Despite the increasing numbers of women in higher education, gendered structures continue to hinder women's advancement in academia. This book goes beyond the numbers to examine the issues facing those members of academia with non-dominant gender identities. The authors analyze higher education structures from a range of perspectives and offer recommendations at individual and institutional levels to encourage activism and advance equality in academia.

Social Issues in Living Color Arthur W. Blume, 2017-02-16 Offering fresh and exciting approaches to solving global problems, this book creatively views challenging social issues through the lens of racial and ethnic psychology. As the demographic makeup of the American population continues to evolve, understanding and addressing the psychological needs of ethnic minorities in the United States becomes more important to the overall health

and well being of society This three volume set is the first publication to explicitly tackle social issues from the perspective of racial and ethnic psychology It uniquely presents racial and ethnic psychological perspectives on topics such as media criminal justice racism climate change gender bias and health and mental health disparities Volume one introduces readers to the basic scientific concepts of racial and ethnic minority psychology and then examines the intersectionality of race ethnicity gender and sexual orientation It also addresses how race and ethnicity affect communication styles leadership styles and media The second volume discusses the experiences of individuals within racial and ethnic minorities including overt racism covert racism and colonialism and addresses how ethnic minority psychology plays a role in our educational system poverty global climate change and sustainability The third volume covers ethics in health and research considers the causes of health and mental health disparities and identifies diversity initiatives that can improve the health and well being of all citizens not just racial and ethnic minority citizens
