James Dickey,2012-04-13 The true key to unlocking the secret of the Bible according to author E James Dickey is found in biography Some people would approach the Bible from a doctrinal sacramental historical and archaeological point of view Valid as these ways of understanding this magnificent treasure known as the Bible are any or all of these measures fall far short of encompassing the whole content of the Bible The way to embrace the totality of scripture and unlock the mystery therein is through biography according to the author No other spiritual or religious documents in the world have this element to it Instead dictums commandments sayings maxims and axioms dominate such writings Valid as they are the truly human element is missing Moreover the relationship with the one true God and with one another is dictated by those wordsbe they inspired revealed or fashioned So any relationship tends to become subservient to the statements themselves Thus freedom is thwarted and throttled at its very

roots It is true that biography often is somewhat sketchy throughout the scriptures but enough elements are there to portray a real picture of the people involved To look at the Bible from the primary relationship with the one true God of the whole universe and with live human beings is the key to the scriptures When sincere it will produce fruits beyond compare
