**Understanding Marx's Capital: A reader's guide** Adam Booth, Rob Sewell, 2019-07-11 Marx s Capital was a book that revolutionised political economy and for the first time opened our eyes to the real workings of capitalism It was however met with a wall of silence from the mainstream economists and the establishment Despite this Capital became regarded in the workers movement as the Bible of the working class The aim of this book written by authors from the International Marxist Tendency is to help guide readers through the pages of volume one of Capital to bring out the main themes and ideas contained within it and to discuss the relevance of this great Marxist classic in terms of understanding the crisis ridden world around us today and most importantly how we can radically transform it

**Understanding Marx** Friedrich W. Sixel, 1995-08-29 Understanding Marx provides a philosophically contextualized treatment of Marx s Epistemology and Method The book s unique focus is a commentary on his famous Introduction to the Grundrisse Contents Part I Marx s Philosophical Background A Contextualization Part II Commentary on the Introduction to the Grundrisse Individuation and Generality Bourgeois Abstractions Marx s Concept of General Relation Marx s Method The Dynamics of Coming to Know Celebrating Art The Sensuality of Understanding

*Understanding Marx* Robert Paul Wolff, 1984 Robert Paul Wolff explains the development of the classical theory of value from Adam Smith to Karl Marx in a form readily accessible to readers unfamiliar with anything more than high school algebra while at the same time offering to the specialist a fundamental criticism of Marxian political economy and an original and controversial interpretation of Capital He clarifies recent mathematical reinterpretations of classical political economy so that philosophers political scientists psychologists and sociologists interested in Marx s theories can understand the modern rehabilitation of his political economy Originally

published in 1985     **Understanding Marxism** Richard D. Wolff,2021-10-14 Why should we pay attention to the great social critics like Marx If you want to understand capitalism in order to make society better then understanding Marx s analysis is fundamental in drawing your attention to capitalist production s core conflict class struggle It is everywhere and it influences everything and everyone in our society Marx is the theoretician who first explained it systematically He was a social critic for whom capitalism signified not the end of human history but the latest phase that badly needed a transition to something better Marxism displays a central crucial focus on the class struggle that both haunts and drives capitalism Nothing could be more relevant and useful here and now to help us understand and cope with the threatening global capitalism of our times Indeed Americans today confront serious questions and evidence that our capitalist system is in trouble and that it clearly serves the 1% far better than the vast mass of the people We offer this introductory book now because of the power and usefulness today of Marx s criticism of the capitalist economic system This 2021 hardcover edition features a new introduction by author Richard D Wolff which strengthens the case for why Marxism is worth understanding It explains and shares our excitement about the ways in which Marxism helps us to critically rethink capitalism today and offers new directions for social development beyond and better than the capitalism we have     *Karl Marx's Philosophy of Nature, Action and Society* Justin Holt,2009-05-27 This work analyses Marx s philosophy of nature and shows how it is the basis for his practical philosophy Previous analysis of Marx s philosophy of nature has considered humans as only natural beings and social beings But Marx analyzed humans relationship to the natural world and to themselves as natural social and material This material feature of human action can server as a basis for social critique and as the foundation for a practical analysis The first chapter of this book analyzes Marx s philosophy of nature from his early to late works and argues that humans are natural beings that use nature to develop new capacities This consideration is central in Marx s critiques of Hegel and Feuerbach The second chapter discusses Marx s material critique of social forms and discusses why the distinction between material action and social action is a key component of Marx critique of capitalism This chapter also discusses industrial history ideology wages justice and valorization The third and final chapter builds on Marx s materialist analysis to develop a standard of practical action that takes human s material activity as its basis This chapter also discusses classical historical materialist claims liberal ethical theories and a practical philosophic consideration of socialism

**Marx's 'Eighteenth Brumaire'** Mark Cowling,James Martin,2002-09-20 Marx s account of the rise of Louis Napoleon Bonaparte is one of his most important texts Written after the defeat of the 1848 revolution in France and Bonaparte s subsequent coup it is a concrete analysis that raises enduring theoretical questions about the state class conflict and ideology Unlike his earlier analyses Marx develops a nuanced argument concerning the independence of the state from class interests the different types of classes and the determining power of ideas and imagery in politics In the Eighteenth Brumaire he applies his materialist conception of history to an actual historical event with extraordinary subtlety and an impressive

powerful command of language This volume contains the most recent and widely acclaimed translation of the Eighteenth Brumaire by Terrell Carver together with a series of specially commissioned essays on the importance of the Brumaire in Marx's canon Contributors discuss its continuing significance and interest the historical background and its contemporary relevance for political philosophy and history

**Understanding Marx and Capital** Denis Collin, 2024-12-12 Emancipation is the real thread running through Marx's thought He's not concerned with capitalism or Marxism for that matter but with capital it's this fundamental notion that we need to return to in order to understand Marx's thought and communism This also requires resituating the richness of his argumentation in the light of his life's journey rather than the myth that has been forged around the father of Marxism Denis Collin helps us understand Marx's ideas and why he deserves to be considered one of humanity's greatest thinkers
