

A dramatic, high-contrast image of a hand holding a glowing, multi-colored orb against a dark background. The hand is positioned on the left, with fingers curled around the orb. The orb itself is a vibrant mix of orange, yellow, and purple, with a bright white highlight on its upper left side. The background is dark and moody, with some faint, glowing elements that suggest a complex, perhaps technological or magical, environment. The overall tone is mysterious and intense.

## Vicious Circles:

**Vicious Circles** Ayman Farouk Taha, 2013-12 We usually live our lives in vicious cycles We hardly can get out of them or break loose from their control Sometimes they are related to some place time person or event Other times they are related to an idea so deeply planted inside us that we can't come out of its cocoon Maybe they are related to a connection that we can't be free from its restrictions Finally sometimes they are related to ourselves body and soul We invent those circles or they are imposed upon us Then we live within their borders We rejoice them first and then we complain Or we complain from them first and then we give up ourselves to them happily We try to break loose a lot although the constraint unconsciously makes up happy Or we often look for a constraint to protect us from what our souls were created and imprinted to love the freedom We struggle with ourselves others and life although we mostly don't know what we really want Moreover we do not dare to look for what we want This is why most of us live in vicious circles
