## **Victorian Birthday:**

**The Girl's Own** Claudia Nelson, Lynne Vallone, 2010-06-01 The eleven contributors to *The Girl's Own* explore British and American Victorian representations of the adolescent girl by drawing on such contemporary sources as conduct books, housekeeping manuals, periodicals, biographies, photographs, paintings, and educational treatises. The institutions, practices, and literatures discussed reveal the ways in which the Girl expressed her independence as well as the ways in which she was presented and controlled. As the contributors note, nineteenth-century visions of girlhood were extremely ambiguous. The adolescent girl was a fascinating and troubling figure to Victorian commentators, especially in debates surrounding female sexuality and behavior. *The Girl's Own* combines literary and cultural history in its discussion of both British and American texts and practices. Among the topics addressed are the nineteenth-century attempt to link morality and diet, the making of heroines in biographies for girls, Lewis Carroll's and John Millais's iconographies of girlhood in their respective photographs and paintings, genre fiction for and by girls, and the effort to reincorporate teenage unwed mothers into the domestic life of Victorian America.

**Celebrating the Family** Elizabeth H. Pleck, 2000-07-04 Pleck examines changes in the way Americans celebrate holidays like Christmas or birthdays.

**Tracing Your Ancestors Through Letters & Personal Writings** Ruth A. Symes, 2016-11-30 Could your ancestors write their own names or did they mark official documents with a cross? Why did great-grandfather write so cryptically on a postcard home during the First World War? Why did great-grandmother copy all the letters she wrote into letter books? How unusual was it that great-uncle sat down and wrote a poem or a memoir? *Researching Family History Through Ancestors' Personal Writings* looks at the kinds of mainly unpublished writing that could turn up amongst family papers from the Victorian period onwards, a time during which writing became crucial for holding families together and managing their collective affairs. With industrialization, improved education, and far more geographical mobility, British people of all classes were writing for new purposes with new implements in new styles, using new modes of expression and new methods of communication, e.g. telegrams and postcards. Our ancestors had an itch for scribbling, from the most basic marks (initials, signatures, and graffiti on objects) as varied as trees, rafters, and window ledges, through more emotionally charged kinds of writing such as letters and diaries, to more creative works such as poetry and even fiction. This book shows family historians how to get the most out of documents written by their ancestors and therefore how better to understand the people behind the words.

**The Forgotten Chaucer Scholarship of Mary Eliza Haweis, 1848-1898** Mary Flowers Braswell, 2016-06-17 The author of numerous books on Geoffrey Chaucer, the nineteenth-century scholar Mary Eliza Haweis has been largely erased from general histories of Chaucer studies. In her critical biography, Mary Flowers Braswell traces Haweis's career, bringing her out of obscurity and placing her contributions to Chaucer scholarship in the context of those of influential Chaucerians of the period, such as Frederick James Furnivall, Walford Dakin Selby, and Walter Rye. Braswell draws on extensive archival research from a broad range of late Victorian

newspapers journals and society papers to weave a fascinating picture of Haweis's own life and work which in quantity and quality rivaled that of her contemporaries Haweis we discover corrected assumptions related to the Chaucer seal and texts bringing her findings to the attention of the public in works such as *Chaucer for Schools* the first textbook on the poet Braswell also sheds light on the ways in which fashion society culture art and leisure activities intermingled with scholarship archival recovery museum work editing writing and publishing in the late Victorian middle and upper classes Concluding with a discussion of Haweis's forgotten role as head of the Chaucer section for the National Home Reading Union Braswell's book makes a strong case both for Haweis's influence as a Chaucer scholar and her importance as an educator in nineteenth century Britain and the United States

*Women Writers and the Artifacts of Celebrity in the Long Nineteenth Century* Ann R. Hawkins, Maura C. Ives, 2012 This collection traces the unique experiences of nineteenth century women writers within a celebrity culture that was intimately connected to the expansion of print technology and of visual and material culture in the nineteenth century The contributors examine a range of artifacts including prefaces portraits frontispieces birthday books and even gossip columns in this suggestive exploration of how nineteenth century women writers achieved popular critical and commercial success
