The Victorian Countryside Gordon E. Mingay, 1981 *Labouring Life in the Victorian Countryside* Pamela Horn, 1976

Rural Women Workers in Nineteenth-century England Nicola Verdon, 2002 The range of women's work and its contribution to the family economy studied here for the first time Despite the growth of women's history and rural social history in the past thirty years the work performed by women who lived in the nineteenth century English countryside is still an under researched issue Verdon directly addresses this gap in the historiography placing the rural female labourer centre stage for the first time The involvement of women in the rural labour market as farm servants as day labourers in agriculture and as domestic workers are all examined using a wide range of printed and unpublished sources from across England The roles village women performed in the informal rural economy household labour gathering resources and exploiting systems of barter and exchange are also assessed Changes in women's economic opportunities are explored alongside the implications of region age marital status number of children in the family and local custom women's economic contribution to the rural labouring household is established as a critical part of family subsistence despite criticism of such work and the rise in male wages after 1850 NICOLA VERDON is a Research Fellow in the Rural History Centre University of Reading

Victorian Landscape Watercolors Scott Wilcox, Christopher Newall, 1992 English landscape watercolor painting a perfect marriage of genre and medium entered a lively period of experimentation in style and content during the second half of the nineteenth century with rich and diverse results Through all the changes of style and technique and all the debates over the appropriate use of the medium it was watercolor's ability to convey the timeless truth and reality of the natural world that mattered to artists critics and audiences British watercolors of the Victorian period continued to observe an essential humility before nature they remain fresh and compellingly immediate because they derived in the first place from the artists heartfelt communion with the elements of nature *Victorian Landscape Watercolors* begins with a consideration of the continuing influence of the great generation who earlier in the century during the extraordinary parallel rise of watercolor and landscape painting had established the landscape watercolor as a major British contribution to the arts The second chapter examines the role of the landscape watercolor in the aesthetic thought of John Ruskin whose critical voice played a dominant role in shaping that art The third chapter looks at the place of landscape within the watercolor societies and its development as it appeared in their annual exhibitions The final chapter deals with the tug of new and old foreign and native in the later Victorian period The book also features 126 watercolors from public and private collections in America and England all reproduced in full color and accompanied by individual commentaries Among the 76 artists represented are David Cox Sr and Jr Walter Crane William Holman Hunt Edward Lear Samuel Palmer James Mallord

William Turner James McNeill Whistler and Ruskin himself along with dozens of lesser known masters of the medium Victorian Landscape Watercolors is published in conjunction with the first exhibition to survey this period of this particularly British contribution to the arts the exhibition organized by the Yale Center for British Art in New Haven Connecticut will also be seen at the Cleveland Museum of Art and in Birmingham England

Country House Life Jessica Gerard,1994-10-20 This is an account of the lives of the families and the servants of the British country house from the end of the Napoleonic wars to the onset of the Great War It is a pioneering history based on contemporary records diaries private and public autobiographies and on the childhood recollections of living descendants Never before have the intimacies of life above and below stairs been depicted with such clarity and vividness Country house family and servants were the two elites of British society and this was the period of their greatest prosperity They were closely reliant on each other Our servants and we are all members of a large family who cannot get on independently of each other Lady Jenne wrote in 1892 The omnipresence of the servants affected every aspect of the family s behavior and the family shared the lives of the servants the country house was a community The power base of the nation s political establishment it was also home a tangible symbol of lineage permanence and stability embodying in its fabric decoration and ritual the accumulations and memories of successive generations The book is illustrated with rare contemporary photographs is fully referenced has a wide ranging bibliography of primary and secondary sources and is comprehensively indexed Its evocation of a style of life and ways of living that have now largely vanished will be of equal interest to scholar student and general reader

Historic Landscapes of Britain from the Air Robin Edgar Glasscock,1992-10-29 **Victorian Year Book** ,1874 *Memoir of the Victorian Country Fire Service and Other Reminiscences* T. S. Marshall,1930 **From Hellgill to Bridge End** Margaret E. Shepherd,2003 This is a comparative study of the effects of local regional and national changes of nine parishes in the Upper Eden Valley in north Westmorland during the Victorian years The analysis of 65 000 records from these sources has given a rare if not unique insight into a series of rural parishes

Estates and the English Countryside J. H. Bettey,1993 One of four titles in a series for local historians and all lovers of Britain s heritage the main aim of which is to enable readers to look at the landscape and read its features with understanding

Life in the Victorian Countryside about 1870 Michael Palmer,1994 [Life in the Victorian Country House](#) Pamela Horn,2010-09-21 Country houses formed a distinct community and power base within the broader Victorian countryside This book shows how landed families day to day existence depended on the skills of the indoor servants who provided their meals and ministered to their general comfort and the outdoor staff who contributed to their leisure and sporting pursuits It considers the relationship and the divisions between those living above stairs and and the carefully considered hierarchy of domestics who met their needs below stairs Also considered are the wider social activities of the two groups who while living under the same roof experienced a very different daily round That applied to preparations for the holding of house parties and the running of sporting events as well as the

important social influence exerted by the London Season *Country Towns of Victoria* Alan John McIntyre, Jean Julia
McIntyre, 1944 **The Victorian Country House** Mark Girouard, 1971 *The Victorian Countryside* Gordon E.
