Periodicals of Queen Victoria's Empire Rosemary VanArsdel, Jerry Don Vann, Rosemary T. VanArsdel, 1996-01-01 Contemporary research in periodical literature has demonstrated conclusively that the nineteenth century in Britain was the age of the periodical It also has shown that in Victorian society the circulation of periodicals and newspapers was both larger and more influential than that of books The six essays in this volume investigate the extent to which this was equally true of Britain's colonies during the period up to 1900 In chapters devoted to periodical publishing in Australia Canada India New Zealand Southern Africa and the outposts of the Empire Ceylon Cyprus Hong Kong Malaya and Singapore Malta and the West Indies the contributors also consider the function and importance of periodicals in colonial life They identify and describe all locally produced publications that appeared at weekly or longer intervals and that contained for example local news poetry fiction criticism commentary on the arts news from home shipping information and commodities reports Each chapter presents an evaluation of the quantity and quality of guides available to periodical literature in each region from basic bibliographies of periodicals directories and finding aids to microfilm records and databases on the Internet *Periodicals of Queen Victoria's Empire* is an initial step towards understanding and analyzing what its editors regard as the unseen power of the periodical press in the British Empire of the nineteenth century **Victorian Periodicals** Scott Bennett, Rosemary T.
