Divine Descent and the Four World-Ages in the Mahābhārata - or, Why Does the Kṛṣṇa Avatāra Inaugurate the Worst Yuga? Simon Brodbeck, 2022-10-12 This monograph approaches the Mah bh rata as a single work of literature and the method is that of close textual study Key verses are quoted in the original Sanskrit and in English translation The title problem has been recognised before but no detailed solution has been forthcoming The monograph s objective is to try to articulate a Mah bh rata theology of time In Chapter 1 the monograph s argument and synchronic methodology are summarised In Chapter 2 the cycle of four yugas world ages is outlined and discussed on the basis of the textual evidence Each yuga is shorter and less moral than the last and between them they constitute a repeating 12 000 year cycle In Chapter 3 the Mah bh rata war is shown to be located at the junction between the third and fourth yugas The idea of God Vi u N r ya a descending to improve the world is introduced and the title question is properly posed Why does God s descent as K a to make the Mah bh rata war happen inaugurate the worst yuga In Chapter 4 the various descents avat ras crossings down of God Vi u N r ya a are discussed Also discussed is a theory suggesting that the passage between yugas always requires a divine descent to effect it The limitations of this theory are described and an alternative sketched In Chapter 5 two general functions of divine descent are identified to improve the world morally by killing demons and to help the personified Earth by

reducing the human weight upon her These two functions are correlated with the two extremities of the four yuga cycle between which time oscillates But the Mah bh rata war is not located at either extremity Central to the monograph is a survey and discussion of the reasons given for this particular descent These passages combine the two functions of divine descent neither of which is entirely appropriate to this moment It is argued that the descent here represents what happens over the course of the whole cycle The discussion draws on Vedic literature touches on gender issues and shows how the two functions play out in the story of the war In Chapter 6 the progress of the fourth yuga is tracked through the Mah bh rata s various characters and then the ancient audience who would anticipate the start of the next cycle It is hypothesised that this was to occur through the long term action of the Mah bh rata as more and more people would put into practice the teachings presented by K a in the Bhagavadg t The K a avat ra would thus inaugurate the worst yuga because the seed planted there takes time to ripen Chapter 7 reflects summarily upon the monograph s explorations the theory of divine descent and the text s theology of time By employing a resolutely synchronic methodology the monograph makes a significant contribution on an important and latterly overlooked issue
