Welcome to the Arcade Michael F. DeConzo, 2023-05-08 Living in South Beach Staten Island the forgotten borough of New York City best friends Johnny Romano Ralphie Molinaro and Giulia Stringer struggle to understand a world that doesn't make a whole lot of sense to them They're searching for answers to questions that seem impossible to figure out why are their parents so crazy How do they live with the hole left in their hearts when someone dies Why is the gravitational pull of their neighborhood a beach town next to the Verrazano Bridge that still hasn't shaken off its past so powerful What peculiar shapes can love take And why has a rundown arcade two blocks from the beach become the center of their universe But the people they meet from Joey C the local mob enforcer to Luke a transfer student at Tompkins High School to Dinino the mysterious owner of the arcade all have their own secrets to hide Covering a decade of their lives from ten to twenty years of age WELCOME TO THE ARCADE follows Johnny Ralphie and Giulia as they move through the kaleidoscope of childhood to the insanity of young adulthood always keeping one burning question in their minds How do we figure out the greatest mystery of them all growing up

The Adventures of Ed Tuttle, Associate Justice, and Other Stories Jay Wexler, 2012-08-07 A zoo with only black and white animals A camp where children are forced to gather clams or face a trip to the hot box a Supreme Court Justice's confirmation hearing presided over by the 1977 Kansas City Royals The Adventures of Ed Tuttle Associate Justice and Other Stories transports one to these hilarious places and beyond This world according to Dan Kennedy host of The Moth Storytelling Podcast is where corporate cafeteria lunch servers blurt out Kierkegaard quotes to soften the hard luck of a low supply of the lunch beans that two raging alcoholic white collar workers crave daily a world where an HMO in network dentist hovers over patients and instead of asking about their flossing habits or aches asks what it is that they like best about him a world where television sitcoms are set on death row That's nothing that's the tip of the iceberg These stories illustrations and other errata are as funny as they are strange as wonderful as they are wacky This is funny stuff and I hope that Jay Wexler will donate his brain to neuroscience so we can see what's up with it Steven Pinker Harvard College Professor of Psychology Harvard University How the Mind Works Jay Wexler is my kind of writer a weird one and a wry one and one who isn't afraid to act silly in a sort of bait and switch that to the reader's surprise moves him as much as it makes him laugh Like all the best comedians Wexler is clearly nursing a heart that the world broke a long time ago Ed Tuttle is a book that can't decide what it wants to be when it grows up but as with most cases of arrested development there's something very serious going on behind all the antics Plus there are pictures Ron Currie Jr Everything Matters Jay Wexler writes as if he has the ghost of James Thurber haunting him These stories and sketches will hurt your gut and then tickle your brain You need this humor It'll be a hard week without it William Giraldi Busy Monsters
