Wellprotected Domains:

The Well-protected Domains Selim Deringil, 1998-12-31 How did the late Ottoman Empire grapple with the challenge of modernity and survive Rejecting explanations based on the concept of an Islamic empire or the tired paradigm of the Eastern Question the author argues that far richer insights can be gained by focusing on imperial ideology and drawing out the striking similarities between the Ottoman and other late legitimist empires like Russia Austria and Japan **Osman's Dream** Caroline Finkel, 2012-07-19 The Ottoman chronicles recount that the first sultan Osman dreamt of the dynasty he would found a tree fully formed emerged from his navel symbolising the vigour of his successors and the extent of their domains This is the first book to tell the full story of the Ottoman dynasty that for six centuries held sway over territories stretching at their greatest from Hungary to the Persian Gulf and from North Africa to the Caucasus Understanding the realization of Osman s vision is essential for anyone who seeks to understand the modern world Spatial Politics in Istanbul Philip Dorroll, Courtney Dorroll, 2023-09-29 Over the past decade the AKP under the leadership of Recep Tayyip Erdogan has decisively turned Turkish politics in the direction of conservative Islamic national identity A specific ideological framework undergirded the AKP s conception of the built environment the plans it implemented to transform it and the forms of resistance that these plans generated This framework is termed Erdoganian Neo Ottomanism and describes AKP s use of the power of the state to shape public surroundings in their social and ideological image By utilising an interdisciplinary approach that incorporates religion politics and space Courtenay Dorroll and Philip Dorroll focus on the role of the Turkish state under the AKP in the restoration of traditional Islamic and Neo Ottoman imagery and iconography This book explores the momentous shifts in power during this crucial decade in Turkish history through an analysis of four case studies The 2010 designation of Istanbul as the European Capital of Culture the 2013 Gezi Park protests the Monument to the Martyrs of July 15 and associated memorial practices related to the 2016 coup attempt and the transition of Hagia Sophia from museum to mosque in 2020 these are identified as the most prominent ways in which the AKP has restructured public spaces in Istanbul to reflect its values The authors scrutinise this phenomenon and intentional transformation of the physical landscape through an accessible but interpretive method that uncovers issues crucial to understanding Turkey s most recent history Paradoxes of Peace in Nineteenth Century Europe Thomas Hippler, Miloš Vec, 2015-02-19 Peace is often simplistically assumed to be war s opposite and as such is not examined closely or critically idealized in the literature of peace studies its crucial role in the justification of war is often overlooked Starting from a critical view that the value of restoring peace or keeping peace is and has been regularly used as a pretext for military intervention this book traces the conceptual history of peace in nineteenth century legal and political practice It explores the role of the value of peace in shaping the public rhetoric and legitimizing action in general international relations international law international trade colonialism and armed conflict Departing from the assumption that there is no peace as such nor can there be it examines the contradictory visions

of peace that arise from conflict These conflicting and antagonistic visions of peace are each linked to a set of motivations and interests as well as to a certain vision of legitimacy within the international realm Each of them inevitably conveys the image of a specific enemy that has to be crushed in order to peace being installed This book highlights the contradictions and paradoxes in nineteenth century discourses and practices of peace particularly in Europe **Imperiology** Kimitaka Matsuzato,2007 [Archiv orientální](#) Orientalni ustav (Ceskoslovenska akademie ved),2001 Included section Book reviews

Justice and Islamic Law Jonathan A.C. Brown,2026-03-12 What do you do when divine law and the justice demanded by your conscience clash Muslims have wrestled with this problem since the earliest caliphates The mazalim courts dating back to the eighth century were the answer courts where any subject could appeal directly to an Islamic ruler regarding any matter of justice Mazalim courts which were not bound by the rulings of an established school of Islamic law could address crises in authority and order that Shariah courts could not Bestselling author Jonathan A C Brown unveils the history of mazalim courts analyses the political legal and theological thought of its tradition and contends that mazalim courts did not oppose or transcend Shariah Mazalim courts allowed the state to step in and provide substantive justice when procedural justice failed its subjects *Configuring Identity in the Modern Arab East* Samir Seikaly,2009 **Ways to Modernity in**

Greece and Turkey Anna Frangoudaki,Caglar Keyder,2007 This is a clear and original examination of the impact of modernity on Greece and Turkey and the influence of the West on these former states of the Ottoman Empire during the crucial hundred years between 1850 and 1950 Ways to Modernity in Greece and Turkey explores the reactions and coping mechanisms displayed in both societies in reaction to Europe s all pervasive influence Elites in both societies engaged in defensive modernization culminating in parallel attempts to mould their nations in line with the western blueprint The authors examine reforms in the legal regime the changing nature of family and gender relations and re engineered conceptions of space and the built environment They describe and analyse different aspects of the changes in the two societies over this period as they defined their practices and identities against Europe and often against each other

Political Leaders and Democracy in Turkey Metin Heper,Sabri Sayari,2002-06-12 Since the founding of the modern Turkish republic in 1923 Turkey s political leaders have been decisive in shaping the development of their country s democratic patterns and processes Beginning with Mustafa Kemal Ataturk Political Leaders and Democracy in Turkey analyzes the origins political careers beliefs and policies of eleven of modern day Turkey s most influential leaders The chapters offer a unique perspective into the complex and fascinating world of Turkish political leadership and the transition to and consolidation of democracy This crucial addition to Turkish studies and comparative politics is the first book to undertake a systematic study of the role political leaders have played in shaping the successes as well as the shortcomings of Turkey s grand democratic experiment **American Book Publishing Record** ,1998 **Historical Abstracts** ,2000

Cumulated Index to the Books ,1999 [Life and Immortality](#) Thomas George Gentry,1897 [Archivum](#)

Ottomanicum ,2001 **International Society and the Middle East** Barry Buzan,Ana Gonzalez-Pelaez,2009-03-12 Offers an overview of Middle Eastern history and how its own traditions have mixed often uncomfortably with the political structures imposed by the expansion of Western international society This book also features an application of the English school s central ideas at the regional level **The Hawaiian Journal of History** ,1993 *Sexuality in the Arab World* Samir Khalaf,John H. Gagnon,2006 Illuminating essays by prominent sociologists Ottoman Costumes Suraiya Faroqhi,Christoph K. Neumann,2004 The study of clothes and dressing has great potential for social and cultural history Typically Ottoman urbanites situated their fellow men after a glance at the clothing worn by the latter As to the women such conclusions were more difficult to draw as all females were to be modestly covered up and ideally almost invisible Yet in practice at least from the eighteenth century onwards it was often possible at least in Istanbul to distinguish fashionable from soberly pious women To be aware of people s modes of dressing thus was part of knowing one s way around in Ottoman society cover Rethinking the Late Ottoman Empire Isa Blumi,2003
