The Vulgarization of Christ's Church Ronnie W. Rogers,2017-04-14 This book seeks to clarify and demonstrate the incalculable and injurious influence that progressive education has had and is having upon preaching thinking Christianly and the local church Progressive education began at the turn of the twentieth century replacing classical education with what is purportedly a science based education which necessarily results in scientism This seismic shift in public education has not only affected what we learn but how we think In order to enable the church to detect progressivism s deleterious sway and protect herself by being equipped with the progressive revelation of God and thereby counter the influence of progressive education of man I seek to highlight some of the underlying intolerable essentials of progressive education In the companion book to this one The Equipping Church Somewhere Between Fundamentalism and Fluff I explain the biblical model for the local church and how to build such a church

The Man who Changed China Robert Lawrence Kuhn,2004 Jiang Zemin s life and leadership sweep through almost eighty tumultuous years of Chinese history Japanese occupation Civil War Great Leap Forward Cultural Revolution Tiananmen Square and more recently dramatic economic growth tensions with Taiwan and opportunities and confrontations with America Jiang s story is an epic of war deprivation revolution political turmoil social convulsion economic reform national transformation and international resurgence To Robert Lawrence Kuhn a longtime China observer understanding the legacy of Jiang Zemin is essential for understanding the challenges of contemporary China By examining Jiang s life we observe the clash between China s traditional culture and chaotic history and we appreciate how its changes impact the entire world InThe Man Who Changed China Kuhn who was cited by the AsianWall Street Journalfor the unprecedented access he was given in the course of writing this book has produced what the Journal called probably the closest thing to an authorized biography that s possible in Communist China Here a reader will find a complex and nuanced portrait of China s senior leader whose policies continue to exert great influence over the course of his country Kuhn offers insight into how the Japanese occupation during Jiang s teenage years imprinted his psyche for life how he became a Communist and how decades later he struggled to transform the Party in the face of withering criticism In a sense Kuhn argues Jiang s early skeptics got it right He was a transitional figure but not in the way they had meant With unshakable if paternalistic vision a lifelong love of Chinese civilization and backroom political skills that no one had anticipated Jiang Zemin became an unexpected agent of change effecting the transition from a traumatized society to a confident prosperous country rapidly ascending in the new world order Kuhn shows how Jiang led China through an amazing metamorphosis from a fretful country destabilized by the turmoil and crackdown in Tiananmen Square into a vibrant nation that became a primary engine of global economic growth Above all Jiang is a Chinese patriot and it is important to appreciate what that really means In offering this unusually intimate and comprehensive personal and political biography Kuhn demonstrates that Jiang Zemin s life personifies the history of contemporary China giving invaluable insight into what China is today and will become in the future
