Pro Virtual Reality Office:

Collaboration Potential in Virtual Reality (VR) Office Space Marko Orel, 2022-08-09 The recent shift in labour markets has heightened the demand for alternative work arrangements Virtual reality VR technology plays a significant role in this transition with remote work as efficient as work performed from an organization's own office space This book explores the impact of immersive VR technology on the new virtual workspace Specifically it examines how VR can enable employees to overcome the distractions associated with working from home increase their visibility on team projects build stronger relationships with co-workers reduce feelings of isolation due to social distancing and facilitate their engagement in collaborative work processes It also explores the limitations of two-dimensional computer-mediated communication tools for flexible working arrangements It thus offers theoretical foundations for future research on office digitalization and subsequent applications of VR technology on office work It also features the analysis of two dozen problem-centered expert interviews with creators and executives of leading productivity VR tools that enable the remote collaboration between knowledge workers

Once Upon Tomorrow Shurick Agapitov, 2024-03-05 Shurick Agapitov's *Once Upon Tomorrow* unpacks the sometimes vague concept of the metaverse and shares the opportunities that are and will be available within this new world Thirty years ago the advent of the internet changed the world For the first time in human history the collected knowledge of all mankind was freely available to every man woman and child on the planet with the click of a few buttons Fifteen years ago the world changed again with the widespread availability and adoption of smartphones that put the full power of the internet in the palm of our hands whenever we want and wherever we are As monumental as these advancements were they were just the warmup for the change that's coming next In just a few years we won't think of going on the internet to look up information and find entertainment Instead we'll already be in the internet living working and playing in an endless virtual world that will turn everything we think we know about the internet on its head Welcome to the Metaverse In *Once Upon Tomorrow* visionary tech CEO Shurick Agapitov dives deep into this new age of the internet by unpacking exactly what the Metaverse is and what it will become It's not about pixels and computer chips it's a total paradigm shift what will revolutionize how people interact share stories create and implement ideas conduct business and literally live their lives The Metaverse will be the biggest change any of us have ever seen Fortunately Shurick Agapitov is here to take you by the hand and welcome you into this wild wonderful new universe of opportunity
