days of information explosion and high cost publishing it is perhaps only reasonable for an author to convince the reading public that it is getting something worth reading After all intense research into the upper mantle over the past two decades has already resulted in a number of volumes on kimberlites and their xenoliths So why yet another one First in this book I have concentrated on kimberlite as an individual rock type and a sampler of the upper mantle in the hope of complementing such monographs as *Deep seated inclusions in kimberlites and the problem of the composition of the upper mantle* by N V Sobolev and *Geologie du Diamant* by M G Bardet which have concentrated more on specific aspects of kimberlite and upper mantle geology as a result I have not attempted to describe diamond prospecting and mining and although I have attempted to give some of the up to date views on xenolith petrology the confines of space have not permitted me to explore the complexities of the upper mantle as deeply as has Sobolev Second the literature is vast and I have tried to pull together for the reader the wide range of views and information presented both in the recent geological literature and in recent multi author volumes such as the *Proceedings Volumes of the two International Conferences on Kimberlite* held at Capetown in 1973 and Santa Fe in 1977 [American Dyestuff Reporter](#) ,1924 Includes proceedings of American Association of Textile Chemists and Colorists **Margaret Atwood and the Female Bildungsroman** Ellen McWilliams,2017-03-02 Examining Margaret Atwood s work in the context of the complex history of the Bildungsroman Ellen McWilliams explores how the genre has been appropriated by women writers in the second half of the twentieth century She demonstrates that Atwood s early work her own coming of age fiction including unpublished works as well as *The Edible Woman* *Surfacing* and *Lady Oracle* both engages with and works against the paradigms of identity which are traditionally associated with the genre Making extensive use of unpublished manuscripts in the Atwood Collection at the University of Toronto McWilliams uncovers influences that shaped Atwood s fashioning of identity in her early novels paying particular attention to Atwood s preoccupation with survival as a key symbol of Canadian literature culture and identity She also considers the genre s afterlife on display in *Cat s Eye* *The Robber Bride* *Alias Grace* *The Blind Assassin* and *Moral Disorder* in which the formulations of selfhood and identity in Atwood s early fiction are revisited and developed Atwood emerges as a writer who self consciously invokes and then undercuts the traditions of the Bildungsroman a turn that may be read as a means of at once interrogating and perpetuating the form McWilliams s book furthers our understanding of subjectivity in Atwood s fiction and contributes to ongoing conversations about the role gender and cultural contexts play in reframing generic boundaries [Hacking APIs](#) Corey J.
