Zenani, 1992-10-01 A master storyteller of the Xhosa people of South Africa Nongenile Masithathu Zenani gives us an unprecedented view of an oral society from within Twenty four of her complex and beautiful tales about birth puberty marriage and work as told to the renowned collector of African oral tradition Harold Scheub are gathered here Accompanying the stories are Zenani's detailed commentaries and analyses and Scheub's striking photographs of her in performance The combination of these historical and cultural observations with a richly symbolic collection of tales from a single traditional storyteller make *The World and the Word* a remarkable document The storyteller's materials are simple Zenani told Scheub the world and the word She presents to us the entire world of the Xhosa people how they first came to be the origins of their customs how they order their world and deal with transgressors how they manage all of life's transitions from birth to death She depicts both the world as it exists
