[The Gospel of Leadership](#) Ryan Krupa, 2018-09-21. This book is an odyssey into the truth of leadership's nature and essence. Written for aspiring leaders, teachers of leaders, and followers, the aim is to practice awakening a leader's potential. The book mirrors and reflects the inner nature of the leadership journey. It is written in a contemplative style and uses dialogue to exercise a leader's will, intelligence, and spirit. The techniques taught in these chapters are dialogue, meditation, and contemplation. The author seeks to teach leaders how to exercise the power of will and the power of intelligence to make the kinetic chain of knowing, willing, and acting morally and intellectually strong. Reading this book serves as a leadership development exercise. This book is a teaching tool designed to demystify what takes place in the interior nature of a leader. It examines a leader's soul as it is exercised and strengthened in preparation for the cardinal act of leading and analyzes the act of making practical judgments, an act that demands the cultivation of a discerning mind to see and know the truth to be acted upon. Based on a true story, these chapters are a reflection on the formation of a leader and a realization of twenty years of research. The author studies the question: What does it take to develop a leader? Deliberations on eight years of guiding leaders on moral and intellectual quests in search of true freedom are revealed.
