## **The White Isle:**

The White Isle Darrell Schweitzer,2013-03-12 Darrell Schweitzer s first novel is a powerful tale of Prince Evnos of Iankoros who seeks to reclaim his bride from the God of Death Rich with strange sorceries grim mythologies and hostile gods this is a tale of heroism and horror seeming triumph and subsequent tragedy and strange turns of fate which none of the characters could possible foresee It is a modern classic reminiscent of E R Eddison Ursula K Le Guin and Lord Dunsany and yet uniquely the author s own

The White Isle Caroline Dale Snedeker,2024-09-28 The White Isle is Britain a barbaric land to the patrician Claudian family exiled from Hadrian s Rome but an island of strange enchantment and stirring adventures to their daughter Lavinia The story of Lavinia and her family of their long arduous and constantly exciting trip through Gaul to the farthest province of the empire begins in Rome and comes to a romantic climax in the new home It portrays a spirited picture of Roman life in Gaul and Britain Because Favonius Claudius Lavinia s father had been too much in sympathy with the old Republic he had incurred the Emperor s disfavor and was suddenly appointed legatus to faraway Britain The family hears that Britain is a land cold and unforgiving and their hearts are filled with trepidation But after sad farewells and a suddenly canceled wedding the whole family and their retinue begin their long journey through the northern provinces and into Gaul along Roman roads still famed today In Britain at last Lavinia finds her true home Lavinia s new experiences her moving introduction to Christianity just taking root in Britain and her romance with a young British born Rome make for a great story expertly told by two time Newbery honor medal winner Caroline Dale Snedeker

**The King of the World** René Guénon,2001 This remarkable book grew out of a conference headed by Ren Gu non the sinologist Ren Grousset and the neo Thomist Jacques Maritain on questions raised by Ferdinand Ossendowski s thrilling account in his Men Beast and Gods of an escape through Central Asia during which he foils enemies and encounters shamans and Mongolian lamas whose marvels he describes The book caused a great sensation especially the closing chapters where Ossendowski recounts legends allegedly entrusted to him concerning the King of the World and his subterranean kingdom Agarttha The present book one of Gu non s most controversial was written in response to this conference and develops the theme of the King of the World from the point of view of traditional metaphysics Chapters include Western Ideas about Agarttha Shekinah and Metatron The Three Supreme Functions Symbolism of the Grail Melki Tsedeq Luz Abode of Immortality The Supreme Center concealed during the Kali Yuga and The Omphalos and Sacred Stones

**Shambhala** Victoria LePage,1996-10-01 Somewhere beyond Tibet lies a paradise of universal wisdom and ineffable peace known as Shambhala Called by some Shangri la this mythical kingdom of jewel lakes wish fulfilling trees and speaking stones has fired the imagination of both actual explorers and travelers to the inner realms This fascinating look behind the myth shows Shambhala to be a real place always accessible to the pure of heart

**The Conservator** ,1896 Topologies of the Classical World in Children's Fiction Claudia Nelson,Anne Morey,2019-10-24 Beginning with Rudyard Kipling and Edith Nesbit and concluding with best selling series still

ongoing at the time of writing this volume examines works of twentieth and twenty first century children s literature that incorporate character types settings and narratives derived from the Greco Roman past Drawing on a cognitive poetics approach to reception studies it argues that authors typically employ a limited and powerful set of spatial metaphors palimpsest map and fractal to organize the classical past for preteen and adolescent readers Palimpsest texts see the past as a collection of strata in which each new era forms a layer superimposed upon a foundation laid earlier map texts use the metaphor of the mappable journey to represent a protagonist s process of maturing while gaining knowledge of the self and or the world fractal texts in which small parts of the narrative are thematically identical to the whole present the past in a way that implies that history is infinitely repeatable While a given text may embrace multiple metaphors in presenting the past associations between dominant metaphors genre and outlook emerge from the case studies examined in each chapter revealing remarkable thematic continuities in how the past is represented and how agency is attributed to protagonists each model it is suggested uses the classical past to urge and thus perhaps to develop a particular approach to life
