Barred Daniel S. Medwed, 2022-09-20 A groundbreaking expos of how our legal system makes it nearly impossible to overturn wrongful convictions Thousands of innocent people are behind bars in the United States But proving their innocence and winning their release is nearly impossible In *Barred* legal scholar Daniel S Medwed argues that our justice system s stringent procedural rules are largely to blame for the ongoing punishment of the innocent Those rules guarantee criminal defendants just one opportunity to appeal their convictions directly to a higher court Afterward the wrongfully convicted can pursue only a few narrow remedies Even when there is strong evidence of a miscarriage of justice rigid guidelines bias and deference toward lower courts all too often prevent exoneration Offering clear explanations of legal procedures alongside heart wrenching stories of their devastating impact *Barred* exposes how the system is stacked against the innocent and makes a powerful call for change
