contest quickly turned into bitter rivalry that would spill over into American science and politics and rage relentlessly for nearly three decades Cope and Marsh would battle on the prairies in the halls of Congress in science journals and in the popular press Both wealthy men they launched lavish western expeditions and raced across the plains and mountains searching for the remains of the magnificent beasts that once inhabited the continent Along the way they would encounter George Custer Sitting Bull Buffalo Bill and Red Cloud Among the most remarkable fossil discoveries of Cope and Marsh are a bevy of dinosaurs including some of the best known beasts the Triceratops the Stegosaurus the Camarasaurus and the Brontosaurus Even today Marsh holds the record for dinosaur discoveries Just as valuable however were some of Marsh's discoveries of ancient mammals and birds that provided the first real proof of Darwin's theory The best support for the theory in twenty years the great Darwin himself proclaimed The tale of Cope and Marsh is also the story of the rise of American science When their story begins just after the Civil War America was an intellectual backwater with eminent scientists snookered by the great fake stone statue The Cardiff Giant a hoax unmasked by Marsh But even as Cope and Marsh waged war they both fought to build up American science and its scientific institutions Yet despite their discoveries and their Gilded Age celebrity the names of Cope and Marsh have faded into the recesses of the library and archive In *The Gilded Dinosaur* Mark Jaffe exhumes from those archives the notes journals and letters of Cope and Marsh to reanimate and retell one of the keenest rivalries in the history of science [The American Journal of Science](#) ,1875 **Christian Faith and Life** ,1929 *Is the Bible Infallible?* Carmel Paul Attard,2019-09-26 Christians believe the Bible is God's revelation infallibly inspired by the Holy Spirit *Is the Bible Infallible* evaluates evidence for a divine or human origin such as irreconcilable textual contradictions and myth based accounts Biblical cosmology's compatibility with modern science of the universe and solar system Agreement of Earth's shape and age with geological facts and radiometric dating Creation accounts confirmation through fossil records and man's appearance or evolution Transpiration of prophecies historical accuracy and miraculous accounts The book discusses The Bible's concepts of afterlife heaven hell salvation resurrection and the soul The meaning of Gospel and Kingdom of God Heaven It also debates whether Jesus is really the Christ the Messiah first promised to King David The Messiah Christ was supposed to suffer to redeem us from our sins Jesus is God the Son of Man and the Servant of the Lord God is both a loving father and a violent judge **Museum News** Laurence Vail Coleman,Mary Bronson Hartt,1924
