Understanding Academic Lectures:

Testing Lecture Comprehension Through Listening-to-summarize Cloze Tasks Haiping Wang, 2017-09-06 This book explores the effectiveness of listen to summarize tasks as a tool to assess lecture comprehension ability It especially focuses on listen to summarize tasks that represent listeners meaning building and the discourse construction of the lecture for listening assessment purposes It discusses in depth the nature of lecture comprehension and introduces the approaches to assessing it It also presents teachers and students perceptions of listen to summarize task demands and their respective implications By observing interactions between test takers cognitive processes and the task itself the book explores the effectiveness of these tasks It also examines the discrepancy in cognitive processes between different language competence levels in detail shedding light upon current research on lecture comprehension assessment and offering insights into listening comprehension instruction

The Handbook of Second Language Listening Marnie Reed, John M. Levis, 2025-12-11 Essential insights and strategies for teaching and researching second language listening comprehension skills The Handbook of Second Language Listening provides comprehensive and authoritative coverage of the processes challenges and pedagogy of second language L2 listening Designed for researchers teacher educators and classroom practitioners this volume presents a systematic examination of how L2 learners perceive and interpret spoken language across diverse contexts and discusses how instruction can better support the listening process The Handbook addresses a broad range of topics essential to understanding and teaching L2 listening including perceptual foundations the influence of prosody speech perception listening assessment and metacognitive strategy use Chapters by leading scholars and emerging voices in applied linguistics bridge theory and practice by offering evidence based insights into listener variability instructional design and the interface between listening and pronunciation This book brings attention to topic areas often overlooked such as decolonial theory in listening research and the impact of orthography on perception Equipping educators and scholars with the tools needed to understand L2 listening as both a cognitive process and a teachable skill the Handbook of Second Language Listening Integrates current findings from phonetics psycholinguistics and applied linguistics Connects theoretical models of perception and processing with classroom based applications Addresses foundational and emerging topics from phonetic decoding comprehension of spoken academic discourse Includes dedicated sections on technology enhanced assessment and instruction Covers key pedagogical challenges such as listening in noise processing of prosody and strategy instruction Provides practical frameworks for evaluating and designing L2 listening tasks The Handbook of Second Language Listening is ideal for graduate level courses in TESOL and Applied Linguistics including Second Language Acquisition Listening Pedagogy and Language Assessment which are core to MA TESOL and Linguistics programs It is also a critical reference for researchers teacher educators curriculum designers and language assessment specialists

Understanding Language Testing Dan Douglas, 2014-03-18 Understanding Language Testing presents an introduction

to language tests and the process of test development that starts at the very beginning Assuming no knowledge of the field the book promotes a practical understanding of language testing using examples from a variety of languages While grounded on solid theoretical principles the book focuses on fostering a true understanding of the various uses of language tests and the process of test development scoring test performance analyzing and interpreting test results and above all using tests as ethically and fairly as possible so that test takers are given every opportunity to do their best to learn as much as possible and feel positive about their language learning Each chapter includes a summary suggestions for further reading and exercises As such this is the ideal book for both beginning students of linguistics and language education or anyone in a related discipline looking for a first introduction to language testing

English-Medium Instruction at Universities

Aintzane Doiz, David Lasagabaster, Juan Manuel Sierra, 2012-10-25 This book provides critical insights into the English medium instruction EMI experiences which have been implemented at a number of universities in countries such as China Finland Israel the Netherlands South Africa Spain and the USA which are characterised by differing political cultural and sociolinguistic situations In particular it reflects on the consequences of implementing EMI as an attempt to gain visibility and as a strategy in response to the need to become competitive in both national and international markets The pitfalls and challenges specific to each setting are analysed and the pedagogical issues and methodological implications that arise from the implementation of these programmes are also discussed This volume will serve to advance our awareness about the strategies and tools needed to improve EMI at tertiary level

Learner's Privilege and Responsibility Wen Ma, Chuang Wang, 2014-03-07

This book explores the educational experiences of Chinese students in the U S from kindergarten to adult learners It examines cultural and linguistic challenges learning strategies and differences between Chinese and American students The book aims to help educators teach Chinese students more effectively
