Understanding Modern China:

Understanding modern China, 1979 **Understanding Contemporary China** Robert E. Gamer, Stanley Toops, 2017
China today bears little resemblance to the country introduced in the first edition of *Understanding Contemporary China* published nearly two decades ago. Even in just the past five years dramatic changes have occurred under the leadership of President Xi Jinping. This new edition of the book reflects those changes exploring the impact of new domestic policies, China's role as a behemoth in the world economy, its rapidly modernizing infrastructure, its expanding military presence in the region, the environmental challenges it confronts and much more. The result is an accessible, well-grounded look at the most crucial issues affecting China today.

Modern China Xiaobing Li, 2015-11-23
Providing an indispensable resource for students, educators, businessmen, and officials investigating the transformative experience of modern China, this book provides a comprehensive summary of the culture, institutions, traditions, and international relations that have shaped today's China. Covers contemporary Chinese politics, economy, geography, law, education, culture, and history, providing readers with a breadth of insights into modern China and its people. Addresses a variety of current issues such as pollution, corruption, human trafficking, human rights, civil liberties, and the one-child policy. Contains accessible information ideal for high school and college-level students, grade school teachers, and any readers interested in the general topics of Asia and China.

Understanding Contemporary China George P. Jan, 2004
China is a rapidly developing world power. Its rise is causing some concern about the China threat to the United States. It is important to the American people to have a better understanding of the true conditions in China so we can deal with it rationally and effectively. The main purpose of this book is to provide the reader with a comprehensive description and objective analysis of the strengths and weaknesses of present-day China. Special emphasis is placed on U.S.-China relations. It covers China's history, land and people, political system, economic development, educational, scientific, and technological developments, military power, social and cultural changes, Chinese nationalism, overseas Chinese, the Taiwan issue, China's global influence, U.S.-China relations, and the prospects of China's future development in the twenty-first century and its impact on U.S.-China relations. The China threat notion is critically assessed. The book also makes some suggestions to enable the United States and China to manage their conflicts and to peacefully co-exist to promote mutual interests, international peace, security, and prosperity.

Chinese vs. Western Perspectives Jinghao Zhou, 2013-12-04
China is on the rise in the globalized world. The relationship between China and the United States has become the most important global issue in the twenty-first century. It is urgent to understand what is happening in China and where China is heading. However, there are many misconceptions about China in the West which affect Westerners' ability to objectively understand China and ultimately influence the making of foreign policy toward China. The author attempts to challenge the misconceptions coming from both Western societies and China and offer an integrated picture of contemporary China through systematically examining the major aspects of contemporary Chinese society and

culture with the most recent data and presents convincing arguments in eighteen chapters for spurring mutual understanding between China and the West. The author intends this book to be an interdisciplinary and comprehensive guide to China for a general audience and it covers a wide variety of topics including history, family, population, Chinese women, economy, environmental issues, politics, religion, media, U.S. China relations, and other subjects. This book demonstrates the author's extensive research and thoughtful examination of many sides of controversial issues related to China with a nice balance of Western and Chinese scholarship. This is one of the few that are authored by scholars who originate from China and have their professional career in the United States, but it is distinctive from the rest of studies on this subject in that the author is committed to examining today's China from Chinese as well as Western perspectives. This is not only a scholarly book but also is suitable for general classes on China.

Understanding Modern China Through Its Language and Culture Sheri Zhang, 2006

Understanding China John Bryan Starr, 2026-01-26

Understanding China: A Guide to China's Economy, History, and Political Culture is a comprehensive and authoritative guide to one of the most influential nations shaping the modern world. Written by respected scholar John Bryan Starr, this fully revised 4th edition offers readers a clear, balanced, and deeply informed exploration of China's economy, political system, history, and social transformation. Drawing on decades of academic research and teaching experience, the book explains how China's unique political culture developed, how the Chinese Communist Party governs, and why China's path to modernization differs fundamentally from that of Western nations. From imperial traditions and revolutionary change to contemporary governance, economic reform, and global power competition, this book provides the essential context needed to understand China today. The volume examines critical topics including the structure of the party-state, regional governance, economic decision-making, the rule of law, the role of the military, urban and rural challenges, environmental pressures, population change, information control, and China's evolving relationship with the United States and the wider world. Special attention is given to Hong Kong, Macau, Taiwan, and China's position as a rising global power. Written in clear, accessible language, *Understanding China* is ideal for students, professionals, policymakers, educators, and general readers seeking an informed and objective explanation of modern China. Whether used as a university textbook or a reference for global affairs, readers will find the historical depth and analytical clarity necessary to understand China's past, present, and possible future.

Modern China Rana Mitter, 2016-02-25

China today is never out of the news, from international finance to human rights controversies, global coverage of its rising international presence, and the Chinese economic miracle. It seems to be a country of contradictions: a peasant society with some of the world's most futuristic cities; heir to an ancient civilization that is still trying to find a modern identity. This Very Short Introduction offers the reader an entry to understanding the world's most populous nation, giving an integrated picture of modern Chinese society, culture, economy, politics, and art. In this new edition, Rana Mitter addresses China's current global position, accounting for the country's growth in global significance over the past decade.

ABOUT THE SERIES: The Very Short

Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly readable.

Ideological Conflicts in Modern China Wen-Shun Chi, 2025-12-30. First published in 1986 in *Ideological Conflicts in Modern China*. Wen Shun Chi recalls the clash of ideological systems that occurred during China's century long revolution and the numerous contingencies that propel the country in a Marxist direction. His book which can also be read as a text to introduce students to the main intellectual currents of twentieth century China describes nine major thinkers in detail and with the insight of a Chinese activist who lived through most of the period he is reviewing. The result is a book that both reminds us of the humanistic and democratic alternatives to Marxism that existed in China and helps to explain why after the death of Mao Tse tung in 1976 China began to turn away from much of Marxism Leninism. This work is a critical resource for understanding the ideological foundations of modern Chinese politics and the ongoing tension between democratic aspirations and authoritarian realities. This is an important historical reference work for students of Chinese studies, Chinese politics and history.

Contemporary China Kerry Brown, 2019-01-19. The third edition of this concise core textbook offers students a comprehensive introduction to the politics, economy, culture and society of modern China while grounding all of these areas in the context of China's recent history in the 19th and 20th centuries. Fully up to date, this accessible text examines the key developments that are taking place in China and that are shaping its place in the world today, from relations with Trump's United States and post Brexit Britain to the use of the internet to crack down on dissent and the establishment of Xi Jinping thought at the 19th Party Congress. Authored by a highly regarded expert on the topic, this is the essential guide to a country that is no longer just emerging but one which has in many respects already emerged as one of the leading powers of the 21st century. The book is an ideal introductory text for undergraduate and postgraduate courses on China studies and contemporary China regardless of whether students approach the topic from a political, historical, sociological, cultural or geographical viewpoint. It can also be used on modules focussing more specifically on Chinese politics, Chinese history or Chinese society. New to this Edition: Fully revised and updated throughout including discussions of Chinese US relations in the era of Trump, the 2017 19th National Congress of the Communist Party of China and descriptions of the newest high ranking figures in Chinese politics. New boxed features highlighting important issues and organisations including the status of women in China, the telecoms company Huawei and the on going conflict over the South and East China Sea. References to the most recent research in the field along with new recommendations for further reading for each chapter.

Pioneers of Modern China Khoon Choy Lee, 2005. Amongst the Chinese exists great cultural variety and diversity. The Cantonese care more for profit than face and are good businessmen whereas Fujian R r n are frank, blunt and outspoken but daring and generous. Beijing R r n are more aristocratic and well mannered having stayed in a city ruled by emperors of different dynasties. Shanghai R r n

are more enterprising adventurous and materialistic but less aristocratic having been at the center of pre war gangsterism Hainan R r n are straightforward blunt and stubborn Hunan R r n are more warlike and have produced more marshals and generals than any other province *Pioneers of Modern China* is a fascinating book that paints a vivid picture of the unique cultural characteristics and behavior of the Chinese in the various provinces Using leaders in the modern history of China such as Sun Yat Sen Chiang Kai Shek Mao Zedong Zhou Enlai Deng Xiaoping Jiang Zemin Hu Jintao and Wen Jiabao as representatives it offers an in depth look into the psyche of the Chinese people It also pays tribute to writers painters and kungfu experts who have helped to develop the country socially and artistically

Political Leaders of Modern China Edwin Leung,2002-10-30 Through the individual characteristics of China s political leaders a nation building process began Chinese leaders fell into two categories of reformers conservative and liberal Conservative reformers saw a corruption of the moral order of society that needed to be eliminated in order to restore the country s moral integrity while liberal reformers attempted to embrace the flaws and lead China toward Socialism One hundred Chinese leaders from the Opium War to 2001 are profiled in this comprehensive biographical dictionary This book provides the most up to date coverage of modern Chinese political leadership during the Imperial Republican and Communist periods Political leaders throughout each period had a common desire for reform within the country while maintaining China s political and cultural legacy Leung invokes the uniqueness of those leaders in their struggle for personal gain and national improvement as they fought to preserve traditional values Written by 30 international scholars and experts in the field using both Western and Chinese sources this is the most authoritative dictionary on the subject

Citizenship and Education in Contemporary China Yeow-Tong Chia,Zhenzhou Zhao,2023-05-31 A key objective of education in China is to cultivate one s moral values with the ultimate objective of becoming fully human Unlike the West which regards moral cultivation as related to but separate from citizenship cultivation East Asia including China views moral and citizenship cultivation as synonymous The essays in this book offer various perspectives on and understandings of Chinese citizenship and education by a group of scholars of Chinese heritage situated inside and outside of China They offer compelling evidence and rich theoretical discussions about the practice of teaching citizenship in the state education the interplay between citizenship and China s cultural and religious traditions and the construction of citizenship from the groups from marginal positions The book uses citizenship as a lens to examine the pressing issues of identity democracy religion and cosmopolitanism and sheds new light on China s ongoing social and educational changes Thinking through citizenship and citizenship education may act as an important driving force to transform the culture and paradigms of governance in China and the new meanings of becoming fully human This book will be of interest to researchers and advanced students of Education Politics Sociology and Public Policy The chapters in this book were originally published in various Routledge journals

Conflict and Alliance : The US and China: A Centennial Dance Mehmet Emin Hazret,2025-02-15 This book examines the intricate relationship between the United States and China

from the early 20th century to the present day Interwoven with historical events economic interests ideological differences and geopolitical competition this relationship plays a pivotal role in shaping the global order Conflict and Alliance unveils the centennial dance of these two superpowers oscillating between rivalry and partnership The Era Before China's Rise This section covers the first half of the 20th century when the United States solidified its role as a global leader while China was shaped by internal conflicts and ideological transformations During this period China was seen by the U S as a weak actor while the U S continued to gain power on the global stage The Cold War and Its Aftermath The Cold War era marked a temporary alliance between the U S and China against the Soviet Union This pragmatic cooperation gained momentum through U S opening up policies under Kissinger and Nixon Meanwhile China under the leadership of Deng Xiaoping began its rise on the international stage through reforms and opening up policies This chapter explores China's transformation from a silent giant into a global power During this process the U S played a significant role in integrating China into the global economy aiding its technological infrastructure financial systems and administrative capabilities This support peaked in 2001 when China joined the World Trade Organization WTO enabling its full integration into the global trade system and placing it at the center of global economic processes However this development also resulted in the emergence of the U S backed actor as its greatest future rival Great Power Competition in the 21st Century This section delves into China's claims for global leadership and the U S's efforts to contain its rise Economic conflicts technological races and strategic maneuvers in the Asia Pacific define this era The scale of this rivalry has been amplified by advancements in artificial intelligence 5G technology and supply chain crises The competition between the U S's Asia Pivot strategy and China's Belt and Road Initiative serves as one of the most visible examples of this struggle The book not only focuses on diplomatic and military strategies but also examines cultural perceptions leadership decision making processes and shifts in the international system In doing so it provides an in depth analysis of the conflict alliance balance in U S China relations It also investigates how economic and political interdependence between the two sides has persisted throughout this dance and explores potential future scenarios Who Should Read This Book This book is a valuable resource not only for history and international relations enthusiasts but also for policymakers strategists academics and anyone interested in understanding global politics Readers seeking a deeper understanding of the power struggle between the U S and China and its impact on the world order will find the insights they need within these pages It serves as an indispensable guide for those looking to explore global competition geopolitical strategy and international policy

Hybrid Modernity Mary Padua, 2020-07-26 This book provides a detailed historical and design analysis of the development of parks and modern landscape architecture in late 20th century China It questions whether the fusion of international influences with the local Chinese design vocabulary in late 20th century China has created a distinctive and novel approach to the design of public parks Hybrid Modernity proposes a new theory for examining the design of public parks built in post Mao China since the reforms and sets the various processes for China's late 20th

century socio cultural context Drawing on modernization theory research on China s modernity local and global cultural trends it illustrates through a range of case studies ways hybrid modernity defines a new design genre and language for the spatial forms of parks that emerged in China s secondary cities Featured case studies include the Living Water Park in Chengdu Sichuan province Zhongshan Shipyard Park in Guangdong Province Jinji Lake Landscape Master Plan in Suzhou Jiangsu province and the West Lake Southern Scenic Area Master Plan in Hangzhou Zhejiang province This book argues that these forms represent a new stage in China s history of landscape architecture The work reveals that as a new profession landscape architecture has greatly contributed to China s massive urban experiment This book is an ideal read for students enrolled in landscape architecture architecture fine arts and urban planning programs who are engaged in learning the arts and international design education

China and the Taiwan Issue Gabe T. Wang,2006 With comprehensive historical political socioeconomic and cultural data this book offers a timely examination of the developments in mainland China Taiwan and U S involvement in the region as they relate to the ongoing Taiwan Strait dilemma While many books approach this issue primarily from the viewpoint of Taiwan this book gives considerable attention to China and its development and role in the issue In an approachable style this intriguing work identifies the realities that mainland China and Taiwan as well as the United States face and presents various options in an effort to develop mutual understanding and peaceful solutions for each party involved in the Taiwan issue

Political Leaders of Modern China Pak-Wah Leung,2002-10-30 Through the individual characteristics of China s political leaders a nation building process began Chinese leaders fell into two categories of reformers conservative and liberal Conservative reformers saw a corruption of the moral order of society that needed to be eliminated in order to restore the country s moral integrity while liberal reformers attempted to embrace the flaws and lead China toward Socialism One hundred Chinese leaders from the Opium War to 2001 are profiled in this comprehensive biographical dictionary This book provides the most up to date coverage of modern Chinese political leadership during the Imperial Republican and Communist periods Political leaders throughout each period had a common desire for reform within the country while maintaining China s political and cultural legacy Leung invokes the uniqueness of those leaders in their struggle for personal gain and national improvement as they fought to preserve traditional values Written by 30 international scholars and experts in the field using both Western and Chinese sources this is the most authoritative dictionary on the subject
