Morehead, M.D.,2021-04-13 Recent surveys have found that the vast majority of the public believes that mental illness is real and treatable And yet fewer than half of people with diagnosable mental illnesses get treatment in any given year and of those who do only half adhere to it What accounts for the disconnect According to Daniel Morehead M D unchecked critiques of psychiatry that it is impossible to define mental illness that the neurobiology of major mental illnesses is unknown that patients are overdiagnosed and overmedicated has led to a public perception that mental health treatment is profoundly flawed In *Science Over Stigma* Dr Morehead argues that it is time for a full throated defense of mental health treatment and that it falls to everyone from medical and mental health professionals to the general public to advocate on its behalf In accessible terms this book sets forth a definition of mental illness candidly discussing what is known and what remains unknown and then describes its prevalence social and physical consequences and a range of treatments Each chapter includes advocacy tips that help readerstranslate the information they ve learned into the means for constructive dialogue By clearly laying out the science behind mental illness and its treatment and vividly illustrating how common it is affecting patients their friends and family and mental health professionals themselves this volume seeks to turn the recognition of psychiatric illness into practical behavior destigmatizing both the illness itself and the search for treatment *American Detox* Kerri Kelly,2022-06-07 An Amazon Editor s Pick in Best Nonfiction An intimate honest accountable and thorough invitation into healing adrienne maree brown author of *Pleasure Activism* This book is a powerhouse Ashley Judd The myth of wellness is a lie And until we learn to confront and dismantle its toxic systems we can t ever be well Better stronger healthier whole the wellness industry promises us that with enough intention investment and positive thinking we ll unlock our best
