The Middle of Things Meghan Florian, 2017-07-18 In the tradition of classic essayists from Virginia Woolf to Annie Dillard Meghan Florian combines personal narrative with careful analysis taking the ordinary material of undramatic daily life and distilling it into moments of clarity and revelation Centering each essay in this collection on a different aspect of coming of age as a feminist woman within the ethos of the theological academy and the church Florian interrogates the problems that arise when trying to inhabit these seemingly incompatible spheres illuminating aspects of work relationships and daily life as a young woman Part intellectual bildungsroman part feminist manifesto together these essays detail midpoints on one young woman's journey from the warm simplicity of a bookish adolescence with firm faith through the joys and challenges of academic study that threaten that life and stability to find not a place of resolution but the ability to embrace a life unfolding

The Middle of Things J S Fletcher, 2014-10-31 A complicated tale of murder hidden identities and buried secrets in London's fashionable neighborhood of Bayswater Bayswater is a quiet neighborhood whose residents are successful lawyers or medical men people of independent means or wealthy colonials returned to their homeland It is hardly the place to expect a brutal murder and robbery yet that is exactly what Richard Viner finds himself caught up in when he discovers the body of a neighbor on his nightly stroll after having spent an evening reading a detective story to his aunt He protests to his aunt that the events in detective stories never occur in real life She counters with several mysteries from her own experience He is still doubtful but finds she is right when he
