Barbara E. Mundy, 2000-12 To learn about its territories in the New World Spain commissioned a survey of Spanish officials in Mexico between 1578 and 1584 asking for local maps as well as descriptions of local resources history and geography In *The Mapping of New Spain* Barbara Mundy illuminates both the Amerindian Aztec Mixtec and Zapotec and the Spanish traditions represented in these maps and traces the reshaping of indigene world views in the wake of colonization Its contribution to its specific field is both significant and original It is a pure pleasure to read Sabine MacCormack Isis Mundy has done a fine job of balancing the artistic interpretation of the maps with the larger historical context within which they were drawn This is an important work John F Schwaller Sixteenth Century Journal This beautiful book opens a Pandora s box in the most positive sense for it provokes the reconsideration of several long held opinions about Spanish colonialism and its effects on Native American culture Susan Schroeder American Historical Review
