Style And Consciousness In Middle English Narrative:

Style and Consciousness in Middle English Narrative John M. Ganim, 2014-07-14 John M Ganim presents a revised theory of late medieval literary history based on the relationship of the poet to the reader His work shows how the increasingly compromised exemplary intent of later medieval poets led them to dramatize the reader as a character in the text and to develop complex forms of narrative characterized by discontinuity distortion and disorientation Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Middle English Romance and the Craft of Memory Jamie McKinstry, 2015 An examination of the depiction and function of memory in a variety of romances including Troilus and Criseyde and Sir Gawain and the Green Knight

Routledge Revivals: Medieval England (1998) Paul E. Szarmach, M. Teresa Tavormina, Joel T. Rosenthal, 2017-07-05 First published in 1998 this valuable reference work offers concise expert answers to questions on all aspects of life and culture in Medieval England including art architecture law literature kings women music commerce technology warfare and religion This wide ranging text encompasses English social cultural and political life from the Anglo Saxon invasions in the fifth century to the turn of the sixteenth century as well as its ties to the Celtic world of Wales Scotland and Ireland the French and Anglo Norman world of the Continent and the Viking and Scandinavian world of the North Sea A range of topics are discussed from Sedulius to Skelton from Wulfstan of York to Reginald Pecock from Pictish art to Gothic sculpture and from the Vikings to the Black Death A subject and name index makes it easy to locate information and bibliographies direct users to essential primary and secondary sources as well as key scholarship With more than 700 entries by over 300 international scholars this work provides a detailed portrait of the English Middle Ages and will be of great value to students and scholars studying Medieval history in England and Europe as well as non specialist readers

The Legend of Guy of Warwick Velma Bourgeois Richmond, 2021-11-18 First published in 1996 This lavishly illustrated study is a comprehensive literary and social history which offers a record of changing genres manuscript book production and cultural political and religious emphases by examining one of the most long lived popular legends in England Guy of Warwick became part of history when he was named in chronicles and heraldic rolls The power of the Earls of Warwick especially Richard de Beauchamp inspired the spread of the legend but Guy s highest fame came in the Renaissance as one of the Nine Worthies Widely praised in texts and allusions Guy s feats were sung in ballads and celebrated on the stage in England and France The first Anglo Norman romance of Gui de Warewic a Saxon hero of the tenth century was written in the early 13th century the latest retellings of the legend are contemporary Examples of Guy s legend

can be found in two English translations that survived the Middle Ages a new French prose romance a didactic tale in the Gesta Romanorum and late medieval versions in Celtic German and Catalan as well as English Guy remained a favorite Edwardian children's story and was featured in the Warwick Pageant an historical extravaganza of 1906 The patriotism of World War II sparked a resurgence of interest that produced several new versions mostly folkloric **The Arthur of the English** W R J Barron,2020-11-15 This first comprehensive treatment of Arthurian literature in the English language up until the end of the Middle Ages is now available for the first time in paperback English people think of Arthur as their own stamped on the landscape in scores of place names echoed in the names of princes even today Yet some would say the English were the historical Arthur's bitterest enemies and usurpers of his heritage The process by which Arthurian legends have become an important part of England's cultural heritage is traced in this book Previous studies have concentrated on the handful of chivalric romances which have given the impression that Arthur is a hero of romantic escapism This study seeks to provide a more comprehensive and insightful look at the English Arthurian legends and how they evolved It focuses primarily upon the literary aspects of Arthurian legend but it also makes some important political and social observations

The Vulnerable Body in the Middle English Romance Donna Elise Crawford,1995 **The Romance of Authorship in Late Middle English Poetry** Richard Paul Horvath,1996 Absent Narratives, Manuscript Textuality, and Literary Structure in Late Medieval England E. Scala,2002-08-16 *Absent Narratives* is a book about the defining difference between medieval and modern stories In chapters devoted to the major writers of the late medieval period Chaucer Gower the Gawain poet and Malory it presents and then analyzes a set of unique and unnoticed phenomena in medieval narrative namely the persistent appearance of missing stories stories implied alluded to or fragmented by a larger narrative Far from being trivial digressions or passing curiosities these absent narratives prove central to the way these medieval works function and to why they have affected readers in particular ways Traditionally unseen ignored or explained away by critics absent narratives offer a valuable new strategy for reading medieval texts and the historically specific textual culture in which they were written Guide to British Poetry Explication: Old English, medieval Nancy Conrad Martinez,Joseph G. R. Martinez,1991 This guide to poems written during the Old English and Medieval periods covers criticism from 1925 to 1990 There are 4500 explication on Chaucer Beowulf Piers Plowman Sir Gawain and the Green Knight and many other works Sources include books journals articles anthologies and dissertations and the bibliography reflects a variety of critical methods new historical Marxist psychological linguistic stylistic deconstructionist and rhetorical Poems are listed alphabetically by title while the critical sources are listed under individual poems and are arranged alphabetically by author Place, Space, and Landscape in Medieval Narrative Laura L. Howes,2007 This collection contains essays from thirteen authors on topics ranging from an Old English transfiguration homily to Galbert of Bruges Marie de France's *lais* Chaucer's gardens Boccaccio's *Decameron* and others In each of these chapters analyses of space map a variety of ways medieval narratives encoded meaning In some

lost historical associations are uncovered In others a new way of theorizing space even seeing bodies and minds as spaces to be imagined or marked leads to interpretations that add significantly to our understanding of medieval narrative art In still others broadly political and ideological concerns find expression in the spatial world

Friendship and Love in the Middle English Metrical Romances Anna Hubertine Reuters,1991 Friendship and Love in the Middle English Metrical Romances groups together a representative cross section of the genre according to variants of love relationships and to ideas of friendship The horizontal and the vertical structure of the relationship are tripartite The horizontal stages are attraction separation testing trial and reunion the vertical spheres are the personal social political and religious All relationships fall into two types the restorative concordant and the innovative discordant These are defined by the relative position of the partners in the social political sphere of their relationship The groups of relationship are defined by the initially more active partner forward heroine fairy mistress forward hero mutual love married love friendship lords and retainers Surveys of the Insular understanding of courtly love and of Caxton s prose romances complement the findings

Cognitive Approaches to Old English Poetry Antonina Harbus,2012 Offers an entirely new way of interpreting and examining Anglo Saxon texts via theories derived from cognitive studies A major thoughtful study applying new and serious interpretative and critical perspectives to a central range of Old English poetry Professor John Hines Cardiff University Cognitive approaches to literature offer new and exciting ways of interpreting literature and mentalities by bringing ideas and methodologies from Cognitive Science into the analysis of literature and culture While these approaches are of particular value in relation to understanding the texts of remote societies they have to date made very little impact on Anglo Saxon Studies This book therefore acts as a pioneer mapping out the new field explaining its relevance to Old English Literary Studies and demonstrating in practice its application to a range of key vernacular poetic texts including Beowulf The Wanderer and poems from the Exeter Book Adapting key ideas from three related fields Cognitive Literary Cultural Studies Cognitive Poetics and Conceptual Metaphor Theory in conjunction with more familiar models derived from Literary Analysis Stylistics and Historical Linguistics allows several new ways of thinking about Old English literature to emerge It permits a systematic means of examining and accounting for the conceptual structures that underpin Anglo Saxon poetics as well as fuller explorations at the level of mental processing of the workings of literary language in context The result is a set of approaches to interpreting Anglo Saxon textuality through detailed studies of the concepts mental schemas and associative logic implied in and triggered by the evocative language and meaning structures of surviving works ANTONINA HARBUS is Professor in the Department of English at Macquarie University Sydney Australia
