Suez Canal:

A Visit to the Isthmus of Suez Canal Works ... With a map George Percy BADGER,1862 **The History of the Suez Canal** Ferdinand de Lesseps,1876 *Parting the Desert* Zachary Karabell,2009-08-26 Award winning historian Zachary Karabell tells the epic story of the greatest engineering feat of the nineteenth century the building of the Suez Canal and shows how it changed the world The dream was a waterway that would unite the East and the West and the ambitious energetic French diplomat and entrepreneur Ferdinand de Lesseps was the mastermind behind the project Lesseps saw the project through fifteen years of financial challenges technical obstacles and political intrigues He convinced ordinary French citizens to invest their money and he won the backing of Napoleon III and of Egypt s prince Muhammad Said But the triumph was far from perfect the construction relied heavily on forced labor and technical and diplomatic obstacles constantly threatened completion The inauguration in 1869 captured the imagination of the world The Suez Canal was heralded as a symbol of progress that would unite nations but its legacy is mixed *Parting the Desert* is both a transporting narrative and a meditation on the origins of the modern Middle East *Egypt and the Story of the Suez Canal* William George Hamley,1869

East and West of Suez D. A. Farnie,1969 *The Maritime Canal of Suez* Joseph Everett Nourse,1884 The Suez Canal S. C. Burchell,2016-10-20 Critics said Ferdinand de Lesseps s ambitious scheme to link the waters of the Mediterranean and Red seas thus cutting 5 800 miles off the India to Europe ocean voyage was impractical unwise and even foolish The hostile empty desert of the Isthmus of Suez posed a seemingly insurmountable geographical challenge to the builder s ingenuity and persistence During the ten years of its construction from 1859 to 1869 the Suez Canal was the focus of worldwide attention Around the globe people followed its progress and then celebrated its completion Today the Suez Canal is an enduring testimony to people s limitless vision **The Great Canal at Suez** Percy Fitzgerald,1876 **The Suez Canal, Its History and Diplomatic Importance** Charles William Hallberg,1974 **New Facts and Figures Relative to the Isthmus of Suez Canal** Ferdinand de Lesseps,1856 **The Suez Canal** Charles River Charles River Editors,2018-02-15 Includes pictures Includes online resources and a bibliography for further reading In 1831 a 26 year old French foreign service official by the name of Ferdinand de Lesseps was sent to Alexandria to serve as vice consul While undergoing an obligatory period of quarantine the French Consul General Monsieur Mimaut sent his new understudy a number of books to help pass the time and one of these books proved to be a lengthy memorandum composed by French engineer Jacques Marie le Pere writing on instructions from Napoleon Bonaparte The subject was the linking of the Red Sea with the Mediterranean by the construction of a canal This study made a deep impression on the mind of the young diplomat and for the remainder of his term of service in Egypt he applied himself to studying the question Eventually he came to believe that it was not only a viable project but a potentially profitable one too and of course it would be nothing less than a stupendous gift to mankind As it turned out the concept of linking the Red Sea with the Mediterranean was not by any means

new In fact the idea was as old as trade across the isthmus itself Work on the Canal of the Pharaohs or Necho's Canal as it is more commonly known began during Egypt's Nineteenth Dynasty under the reign either of Sethi I or his son the great Rameses II The project sought to link the two oceans through an artificial canal of modest length linking a navigable stretch of the Nile to the Bitter Lakes and then to the Red Sea The Suez Canal The History and Legacy of the World's Most Famous Waterway examines the various attempts to create the canal over thousands of years and how the modern Suez Canal came to be Along with pictures and a bibliography you will learn about the Suez Canal like never before **The Suez Canal** Sean Garrett,1980 *The Suez Canal.
