PALMISTRY

PALMISTRY

Mounts on your palm are referred to as lines. These mounts are the fleshy and pulpy base of the palm. They can be used by the length, width and depth.

Hand development is an important factor in palmistry. A large, deep, fleshy hand is a sign of a strong personality with the potential to achieve great success. A thin, delicate hand with a long, narrow palm is a sign of a person who is more sensitive and less confident. The thickness of the palm is also a factor in determining the overall quality of the hand.
