## **The Penis Chronicles Comedy For The Relationship Challenged:**

**Chronicles** ,1987      Stellar Transformations Steven Rybin,2022-01-14 *Stellar Transformations* Movie Stars of the 2010s circles around questions of stardom performance and their cultural contexts in ways that remind us of the alluring magic of stars while also bringing to the fore the changing ways in which viewers engaged with them during the last decade A salient idea that guides much of the collection is the one of transformation expressed in these pages as the way in which post millennial movie stars are in one way or another reshaping ideas of performance and star presence either through the self conscious revision of aspects of their own personas or in redirecting or progressing some earlier aspect of the culture Including a diverse lineup of stars such as Oscar Isaac Kristen Stewart Tilda Swinton and Tyler Perry the chapters in *Stellar Transformations* paint the portrait of the meaning of star images during the complex decade of the 2010s and in doing so will offer useful case studies for scholars and students engaged in the study of stardom celebrity and performance in cinema

**TV Guide** ,2006      *TLA Film, Video, and DVD Guide 2002-2003* David Bleiler,2001-11-03 A film video and DVD guide for the true lover of the cinema this volume focuses on independent and international films as well as the best of the mainstream 450 photos throughout      *Screens Fade to Black* David J. Leonard,2006-06-30 The triple crown of Oscars awarded to Denzel Washington Halle Berry and Sidney Poitier on a single evening in 2002 seemed to mark a turning point for African Americans in cinema Certainly it was hyped as such by the media eager to overlook the nuances of this sudden embrace In this new study author David Leonard uses this event as a jumping off point from which to discuss the current state of African American cinema and the various genres that currently compose it Looking at such recent films as *Love and Basketball* *Antwone Fisher* *Training Day* and the two *Barbershop* films all of which were directed by black artists and most of which starred and were written by blacks as well Leonard examines the issues of representation and opportunity in contemporary cinema In many cases these films which walk a line between confronting racial stereotypes and trafficking in them made a great deal of money while hardly playing to white audiences at all By examining the ways in which they address the American Dream racial progress racial difference blackness whiteness class capitalism and a host of other issues Leonard shows that while certainly there are differences between the grotesque images of years past and those that define today s era the consistency of images across genre and time reflects the lasting power of racism as well as the black community s response to it      *The B Word* Maria San Filippo,2013-04-12 Often disguised in public discourse by terms like gay homoerotic homosocial or queer bisexuality is strangely absent from queer studies and virtually untreated in film and media criticism Maria San Filippo aims to explore the central role bisexuality plays in contemporary screen culture establishing its importance in representation marketing and spectatorship By examining a variety of media genres including art cinema sexploitation cinema and vampire films bromances and series television San Filippo discovers missed moments where bisexual readings of these texts reveal a more malleable notion of subjectivity and eroticism San Filippo s work moves

beyond the subject of heteronormativity and responds to compulsory monosexuality where it is not necessarily a couple's gender that is at issue but rather that an individual chooses one or the other. The B Word transcends dominant relational formation: gay, straight or otherwise, and brings a discursive voice to the field of queer and film studies.
