necessary for sound preaching but they also dive deeper to emphasize how a pastor's character and reliance upon the Holy Spirit are essential to preaching God's word effectively. As the preacher encounters God in preaching, he will preach with spiritual power and see lives transformed and churches strengthened.

**On the Preparation and Delivery of Sermons** John A. Broadus, 1979-09-26 Fully revised edition of the classic guide to the art of homiletics incorporates recent helpful developments in the field.

**The Big Idea of Biblical Preaching** Keith Willhite, Scott M. Gibson, 2003-02-01 Since 1980 Haddon Robinson has influenced generations of students and preachers through his widely used classic text *Biblical Preaching* in which he shows preachers how to communicate the Bible's big ideas with precision. But does Robinson's big idea approach to expository preaching still work in today's diverse cultures and fast-paced world? *The Big Idea of Biblical Preaching* now in paperback presents a strong defense of the ongoing relevance of this approach to expository preaching. An experienced and skilled group of contributors to this volume includes Paul Borden, Scott M. Gibson, Duane Litfin, Terry Mattingly, John Reed, Bruce L. Shelley, Donald R. Sunukjian, Joseph M. Stowell III, Bruce K. Waltke, Scott Wenig, and Keith Willhite. This volume is written not only for the current generation of students but also for today's preachers who will find in the pages of this book a powerful approach to expository preaching.

**The Four Pages of the Sermon, Revised and Updated** Paul Scott Wilson, 2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it, author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages. Each page addresses a different theological and creative component of what happens in any sermon. Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself. Page Two looks at similar conflict, sin, or brokenness in our own time. Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news. Page Four points to God at work in our world, particularly in relation to the situations described in Page Two. This approach is about preaching the gospel in nearly any sermonic form. Wilson teaches the what, why, and how of sermon construction, all rooted in a theology of the Word. This completely revised edition guides readers through the sermon process step by step with the aim of composing sermons that challenge and provide hope by focusing on God more closely than on humans. It has been largely rewritten to include an assessment of where preaching is today in light of propositional preaching, the New Homiletic, African American preaching, the effect of the internet and use of technology. A chapter on exegesis has been added, plus new focus on the importance of preaching to a felt need, the need for proclamation in addition to teaching, and developing tools to ensure sermon excellence. New sermon examples have been added along with a section that responds to critics and looks to the future.

**Biblical Preaching** Haddon W. Robinson, 2014-03-18 This bestselling text by Haddon Robinson, considered by many to be the teacher of preachers, has sold over 300,000 copies and is a contemporary classic in the field. It offers students, pastors, and Bible teachers expert guidance in the development and delivery of expository sermons. This new edition has been updated throughout and includes helpful exercises.
