*Teaching Reading with YA Literature* Jennifer Buehler,2016 Jennifer Buehler shows how to implement a YA pedagogy one that revolves around student motivation while upholding the goals of rigor and complexity Jennifer Buehler knows young adult literature A teacher educator former high school teacher and host of ReadWriteThink org s Text Messages podcast she has shared her enthusiasm for this vibrant literature with thousands of teachers and adolescents She knows that middle and high school students run the gamut as readers from nonreaders to struggling readers to reluctant readers to dutiful readers to enthusiastic readers And in a culture where technological distractions are constant finding a way to engage all of these different kinds of readers is challenging no matter the form of delivery More and more literacy educators are turning to YA lit as a way to transform all teens into enthusiastic readers If we want to meet the needs of all students as readers we have to offer books they can and want to read

Today's YA lit provides the books that speak to the world of teens even as they draw them out into the larger world. But we have to do more than put YA titles in front of students and teach these books as we've traditionally taught more canonical works. Instead, we can implement a YA pedagogy, one that revolves around student motivation while upholding the goals of rigor and complexity. Buehler explores the three core elements of a YA pedagogy with proven success in practice: 1. a classroom that cultivates reading community, 2. a teacher who serves as book matchmaker and guide, and 3. tasks that foster complexity, agency, and autonomy in teen readers. With a supporting explication of NCTE's Policy Research Brief, *Reading Instruction for All Students*, and lively vignettes of teachers and students reading with passion and purpose, this book is designed to help teachers develop their own version of YA pedagogy and a vision for teaching YA lit in the middle and secondary classroom.

Through the YA books spotlighted in this text, educators are provided pre- and post-reading activities that guide students to a deeper understanding of topics that are often considered taboo in the classroom: race, racism, mental health, immigration, gender, sexuality, sexual assault, while increasing their literacy practices.

Using Literature in English Language Education Janice Bland, 2018-08-23. Covering Green's *The Fault in Our Stars*, Collins' *The Hunger Games*, Selznick's *The Invention of Hugo Cabret*, Rowling's *Wizarding World*, Staake's *Bluebird*, and Winton's *Lockie Leonard*, contributors consider how literature can be used for teaching literary literacy, creative writing, intercultural learning, critical pedagogy, and deep reading in school settings where English is the teaching medium. Leading scholars from around the world explore pedagogical principles for English Language Teaching (ELT), widening children's and teenagers' literacy competences as well as their horizons through insightful engagement with texts. From challenging picturebooks for primary and secondary students to graphic novels to story apps, film, and drama, as well as speculative fiction on provocative topics, recent research on literature education in ELT settings combines with cognitive criticism in the field of children's, young adult, and adult literature.

**Utilizing Student Preference in the Classroom** Melissa A. Casper, 2010. The current structures of today's English programs do not inspire students to pursue much reading on their own or to enjoy classroom reading. One way that teachers could foster a love of reading would be to look into students' free reading habits and include elements into the general English curriculum. Abstract.

**Literature for Today's Young Adults** Kenneth L. Donelson, Alleen Pace Nilsen, 2004. Discusses young adults and what they read, the history of adolescent literature, literary genre, using and evaluating literature for the library and classroom, and censorship.
