America these works are especially remarkable because they include for the first time traces of the artist's body as she arranges the elements within her photographs the gauzy curtains in front of her sundrenched windowsill or the light which projects through her window blinds to create floating geometric monochromes upon her closet doors *A Decade of Negative Thinking* Mira Schor, 2010-01-25 Writings on the changing relationship between feminism and art production and criticism and the impact of intergenerational struggle in the contemporary art world *At the Edge of the Decipherable Vol. 1* Uta Barth, 1995-11 *Gaps and the Creation of Ideas* Judith Seligson, 2021-03-08 Gaps and the Creation of Ideas An Artist's Book is a portrait of the space between things whether they be neurons quotations comic book frames or fragments in a collage This twenty year project is an artist's book that juxtaposes quotations and images from hundreds of artists and writers with the author's own thoughts Using Adobe InDesign for composition and layout the author has structured the book to show analogies among disparate texts and images There have always been gaps but a focus on the space between things is virtually synonymous with modernity Often characterized as a break modernity is a story of gaps Around 1900 many independent strands of gap thought and experience interacted and interwove more intricately Atoms textiles theories women Jews collage poetry patchwork and music figure prominently in these strands The gap is a ubiquitous phenomenon that crosses the boundaries of neuroscience rabbinic thinking modern literary criticism art popular culture and the structure of matter This book explores many subjects but it is ultimately a work of art **New Book Design** Roger Fawcett-Tang, 2004-05-25 New Book Design showcases the most interesting influential and accomplished book designs from the last ten years It features over 100 titles published around the world each chosen for their outstanding design qualities from the publications of large mainstream publishers to those of small independent companies and even those from individual artists Included in its pages are lavishly produced books with unconventional formats and unusual print techniques as well as less flamboyant publications produced for various different markets A wide variety of books are featured from paperback novels to architectural monographs from text based to profusely illustrated books Divided into four main sections Packaging Navigation Layout and Specification the book examines each facet of book design cover design contents and structure image usage grids typography paper printing and binding Clear photography captures each featured book and interviews with prominent book designers art directors and publishers provide extra insight New Book Design is sure to provide a rich source of inspiration to book designers and bibliophiles alike *Reframing Photography* Rebekah Modrak, Bill Anthes, 2011 In an accessible yet complex way Rebekah Modrak and Bill Anthes explore photographic theory history and technique to bring photographic education up to date with contemporary photographic practice Uta Barth Uta Barth, Sheryl Conkelton, Russell Ferguson, Timothy Martin, 2000 Barth's work draws its strength from its blurring of the familiar and strange bringing the viewer to a liminal space between the two It is in this space that Barth begins her investigation into the very nature of perception where the epistemological importance of such formal qualities as lighting and

composition becomes astoundingly evident Uta Barth *In Between Spaces* is the first comprehensive book on Barth's oeuvre presenting a carefully selected survey of her works and as such is a must have for viewers collectors and students attracted to contemporary art and photography The poetic resonance radical intelligence and sheer beauty of Barth's pictures are given perfect illustration in this book designed with the artist herself **Uta Barth**, 2002-04 Since 1994 Uta Barth has been creating series of photographs which consist of blurred images generated by focusing the camera on an unoccupied foreground These unframed empty but lushly seductive images present only background information implying the absence of subjects and referring to the function of images as containers of information and the role of the viewer in reading that information This book is a faithful reproduction of the long out of print catalog which was published on the occasion of Barth's first major museum exhibition at the Museum of Contemporary Art Los Angeles in 1996 Copyright Libri GmbH All rights reserved *Uta Barth* Uta Barth, 1990 *The Long Now* Uta Barth, 2010 Often blurred or with only one element rendered sharply clinging to the margin of the composition Uta Barth's deceptively simple photographs of ordinary ambiguous places are both elegant and challenging Walls windows patches of light on a rug the glow of an out of focus glance toward the horizon all these provoke phenomenological reflections on perception and subjectivity often suspending a viewer in the midst of the customary attempt to make sense of what is being seen to reduce it to an accessible package of associations and meaning Certain expectations are unfulfilled expectations of what a photograph normally depicts of how we are supposed to read the space in the image of how a picture normally presents itself on the wall Barth has said This kind of questioning and reorientation is the point of entry and discovery not only in a cognitive way but in an almost visceral physical and personal sense This comprehensive monographic volume presents a definitive overview of Barth's works fully illustrated with more than 300 full color reproductions spanning from her earliest photographs to her most recent New texts by Russell Ferguson former Chief Curator of the Hammer Museum in Los Angeles Holly Myers art critic and writer and renowned scholar Jonathan Crary provide critical perspectives on the work of this visionary artist Born in Berlin in 1958 and now resident in Los Angeles Uta Barth is represented in the collections of The Museum of Modern Art The Metropolitan Museum of Art the Guggenheim the Whitney the Museum of Contemporary Art Los Angeles and the Tate in London In 2007 Barth was named a Broad Art Foundation Fellow *Abstract Painting, Once Removed* Dana Friis-Hansen, 1998 **Uta Barth, 2006** Cheryl Kaplan, 2006
