A Writer's Reference with Exercises Diana Hacker, Nancy Sommers, 2020-09-09 A Writer's Reference has offered clear and quick answers to tough questions for millions of college writers. With a groundbreaking tabbed lay flat format and a first of its kind directness it helped a generation of students engage in their own writing and meet the challenges of the composition course. As we celebrate the 10th edition we invite you to see our latest innovation our latest answer to the question we have been asking for 35 years: How can we help? We help with superior content developed by experienced authors and shaped by faculty and student advisers. And we help with Achieve a first of its kind suite of digital tools paired with content you trust. Achieve with A Writer's Reference lets you engage students in new ways. They do the work of the composition course in a contained and active writing space: they read, write, reflect, respond to peers, consult the handbook, and make action plans. And instructors use Achieve to design and facilitate writing assignments, peer review, and reflection. The best part: Achieve gives you deeper visibility into students' writing processes, lets you see between the drafts. Insights for each writer and for each class provide actionable information about how your students are responding to expectations, allowing you to see, foster, and measure progress. The 10th edition is an innovation celebration, a continued commitment to college writers and teachers of writing.
