Three-dimensional and Unconventional Imaging for Industrial Inspection and Metrology Kevin G. Harding, Donald J. Svetkoff, 1996     Detox Your Writing Pat Thomson, Barbara Kamler, 2016-02-26 There are a number of books which aim to help doctoral researchers write the PhD This book offers something different the scholarly detox This is not a faddish alternative it s not extreme It s a moderate approach intended to gently interrupt old ways of doing things and establish new habits and orientations to writing the PhD The book addresses the problems that most doctoral researchers experience at some time during their candidature being unclear about their contribution feeling lost in the literature feeling like an imposter not knowing how to write with authority wanting to edit rather than revise Each chapter addresses a problem suggests an alternative framing and then offers strategies designed to address the real issue Detox Your Writing is intended

to be a companionable work book something doctoral researchers can use throughout their doctorate to ask questions about taken for granted ways of writing and reading and to develop new and effective approaches The authors distinctive approach to doctoral writing mobilises the rich traditions of linguistic scholarship as well as the literatures on scholarly identity formation Building on years of expertise they place their emphasis both on tools and techniques as well as the discursive practices of becoming a scholar The authors provide a wide repertoire of strategies that doctoral researchers can select from rather than a linear lock step progression through a set of exercises The book is a toolkit but a far from prescriptive one It shows that there are many routes to developing a personal academic voice and identity and a well crafted text With points for reflection alongside examples from a broad range of disciplines the book offers thinking tools writing tools linguistic tools and reading tools which are relevant to all stages of doctoral research This practical text can be used in all university doctoral training and composition and writing courses However it is not a dry how to do it manual that ignores debates or focuses solely on the mechanical at the expense of the lived experience of doctoral research It provides a practical theorised real world guide to postgraduate writing Teaching Writing to Learning Disabled Students Gerard Giordano,1984

Learning to write is a multidimensional activity and the development of the skill of writing interfaces with cognitive linguistic emotional social and physical development This book is a straightforward resource for educators clinicians and therapists It relies on tables charts and illustrations to focus on a philosophy of functional writing and a corollary perspective on writing disability Diagnosis and remediation are discussed while forms and planning aids are included to assist the teacher In order to enhance the communicative impact of the lessons all of the lessons build on speaking listening and reading skills in addition to writing skills *Saturday Review of Literature* ,1925 The Optical Journal and Review of Optometry. ... ,1921
