From Inquiry to Academic Writing: A Text and Reader Stuart Greene, April Lidinsky, 2014-12-12 First year college students are challenged by academic culture and its ways of reading thinking and writing that are new to them Composition instructors are equally challenged by having to introduce explain and justify academic methods and conventions to students From Inquiry to Academic Writing aids both students and teachers with a practical and now widely proven step by step approach that effectively demystifies cross curricular thinking and writing The book further includes an extensive thematic reader that brings students into interdisciplinary debates that not only bear on their college careers but also reflect larger cultural issues that they will encounter outside the academy The new edition of From Inquiry to Academic Writing encompasses an even greater range of academic habits and skills with new readings for both print and digital channels that showcase the very latest interdisciplinary and cultural conversations And now with the new edition you can meet students where they are online To package LaunchPad Solo free with From Inquiry to Academic Writing use ISBN 978 1 319 01310 3
