

The Superpowers

**Thirumalaisamy P.
Velavancorresponding**

The Superpowers:

The Superpowers Paul Dukes, 2000 This is the first history of the two major participants and their relationship throughout the twentieth century

The Superpowers' Involvement in the Iran-Iraq War Adam Tarock, 1998 The final index entry of zero sum game aptly encapsulates much about the 1980-88 Iran Iraq War or Gulf War I as the author terms it and its spinoff of the 1991 Gulf War II particularly from the perspective of the US Tarock whose background is unspecified except for the Melbourne signoff on the preface views Saddam Hussein as a Frankenstein monster created by and later turning against the superpowers in a familiar pattern of their contest of political intervention in the Third World Includes 16 pages of references Annotation copyrighted by Book News Inc Portland OR

The Superpowers in the Third World--from Omnipotence to Impotence?, 1991 *The Indian Ocean and the Superpowers* Rasul B. Rais, 2026-04-01 The Indian Ocean and the Superpowers 1986 provides an analysis of the evolution of superpower strategy and interests in the Indian Ocean It argues that the priorities of the United States and the Soviet Union are to safeguard their own economic strategic and security interests by containing local conflicts controlling arms escalation and obtaining bases Each has promoted a network of dependency relationships to which they act as patrons providing security and certain commitments in return for trade resources and profit

The Superpowers Paul Dukes, 2002-01-04 The Superpowers traces the development of the USA and Russia later USSR from 1898 through to 2000 placing the Cold War from inception to ending into the wider social economic and political context This is the first history of the two major participants and their relationship throughout the twentieth century The Superpowers explores the intertwining history of the two powers chronologically and includes discussion of the inheritance of the two great powers and their imperial background World War One and the Russian Revolution Capitalism and Socialism World War Two and its impact the conflicts in Berlin Czechoslovakia Vietnam and Afghanistan Perestroika and the end of the USSR the significance of the events of 1991 and their legacy

The Superpowers And The Middle East Fawaz A. Gerges, 1994-11-13 This is an excellent first book by a young Lebanese scholar He brings analytical sophistication and detailed knowledge of a wide variety of sources to bear on a crucial period when the Cold War was being fought out in the Middle East He is quick to note that neither the United States nor the Soviet Union was particularly successful in exerting its influence in the region In addition the local powers quickly learned to exploit the superpower rivalry He also vividly conveys how the Israeli challenge exacerbated inter Arab relations Finally relying on Arabic sources he gives a glimpse into the internal decision making of Egypt and other Arab states noting that they often overestimated their importance to outside powers This well researched and objective study is a welcome addition to serious history written by Middle East scholars from the region from Foreign Affairs May June 1995

The Superpowers and the Syrian-Israeli Conflict Helena Cobban, 1991-06-30 The Middle Eastern problem is suffused with emotion and ignorance It is both good and important to have Cobban's perceptive and cool dissection of a truly complex issue Zbigniew Brezezinski

Counselor Center for Strategic and International Studies Former National Security Adviser Middle East analyst Cobban's historical case study of how things were in the Israel Syria theater during the years 1978-1989 was largely completed before Iraq's invasion of Kuwait but the events of the past year make this book more rather than less relevant Cobban's focus then on these two heavily armed nations and their superpower relationships could hardly be more timely Booklist In the coalition war against Iraq following its invasion of Kuwait the participation of Syria in the U.S. led coalition and the restraint of Israel were important elements in the quick and successful conclusion of the war The United States diplomatic and military resolve as well as the withdrawal of the Soviet Union from the international arena helped put Syria and Israel on the same side in this effort This was a surprising development in light of the strained state of Syrian Israeli relations in the years leading up to 1990 Helena Cobban investigates the evolution of the military balance between Israel and Syria from 1978 through 1990 focusing on the effects of the close strategic ties that developed between these states and their respective superpower partners The fighting in Lebanon in 1982 is closely examined since it proved to be a key turning point for Israel and Syria and for the superpowers parrying for influence in the Middle East region After an up to the minute preface analyzing the effects of the Persian Gulf War on the Syrian Israeli relationship Cobban explores the immunity this area showed in the late 1980s to diplomatic efforts that were resolving regional conflicts elsewhere in the world as well as the surprising overall stability of this theatre even in the absence of effective diplomacy The arsenals of Israel and Syria now the preeminent military powers in the Middle East after the defanging of Iraq are still formidable Cobban presents a formula for careful diplomacy in the 1990s that could lead to a lasting peace This book is essential reading for political scientists students of military engagements and others who have an interest in the worldwide consequences of the Arab Israeli conflict

India, the Superpowers and the Neighbours Abdul Gafoor Abdul Majeed Noorani, 1985

Bulletin of the Atomic Scientists, 1968-02 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world
