pedigrees and cocktails status and swimming pools Isobel Fisher Miranda's new stepsister all long legs and world weary bravado engaged to a wealthy Island scion is eager to draw Miranda into the arcane customs of Winthrop society But beneath the island's patrician surface there are really two clans the summer families with their steadfast ways and quiet obsessions and the working class of Portuguese fishermen and domestic workers who earn their living on the water and in the laundries of the summer houses Uneasy among Isobel's privileged friends Miranda finds herself drawn to Joseph Vargas whose father keeps the lighthouse with his mysterious wife In summer Joseph helps his father in the lobster boats but in the autumn he returns to Brown University where he's determined to make something of himself Since childhood Joseph's enjoyed an intense complex friendship with Isobel Fisher and as the summer winds to its end Miranda's caught in a catastrophe that will shatter Winthrop's hard won tranquility and banish Miranda from the island for nearly two decades Now in the landmark summer of 1969 Miranda returns at last as a renowned Shakespearean actress hiding a terrible heartbreak On its surface the Island remains the same determined to keep the outside world from its shores fiercely loyal to those who belong But the formerly powerful Fisher family is a shadow of itself and Joseph Vargas has recently escaped the prison where he was incarcerated for the murder of Miranda's stepfather eighteen years earlier What's more Miranda herself is no longer a naive teenager and she begins a fierce inexorable quest for justice for the man she once loved even if it means uncovering every last one of the secrets that bind together the families of Winthrop Island
