These Vagabond Shoes:

The Law of the Flaw Marva A. Smith, 2022-07-07 A SONG OF FRIENDSHIP Friendship is the strongest tie Outside of kinship no one can deny The specialness of kinship lies in a bond That cannot be severed and no one can buy Friendship embraces spousal connection Tightening its bands on waning affection The specialness of friendship lies in a bond Of caring sharing loving it s all emotional When two friends get together they Command a circle and perform miracles Reflecting intimacy camaraderie We re all on a journey loving and bonding And together circling this miracle merrily **Broadway Rhythm** Dominic Symonds, 2017-11-16 Broadway Rhythm is a guide to Manhattan like nothing you ve ever read Author Dominic Symonds calls it a performance cartography and argues that the city of New York maps its iconicity in the music of the Broadway songbook A series of walking tours takes the reader through the landscape of Manhattan clambering over rooftops riding the subway and flying over skyscrapers Symonds argues that Broadway s songs can themselves be used as maps to better understand the city though identifiable patterns in the visual graphics of the score the auditory experience of the music and the embodied articulation of performance recognizing in all of these patterns corollaries inscribed in the terrain geography and architecture of the city Through musicological analyses of works by Gershwin Bernstein Copland Sondheim and others the author proposes that performance cartography is a versatile methodology for urban theory and establishes a methodological approach that uses the idea of the map in three ways as an impetus a metaphor and a tool for exploring the city **Luggage and Handbag Modes**, 1930 *Vagabond's Way* Nancy Price, 1914 *The Gentleman's Magazine*, 1904 Talking with Doctors David Newman, 2013-05-13 Without any warning in September 1999 David Newman was told he had a rare and life threatening tumor in the base of his skull In the compressed space of five weeks he consulted with leading physicians and surgeons at four major medical centers The doctors offered drastically differing opinions several pronounced the tumor inoperable and voiced skepticism about the effectiveness of any nonsurgical treatment Talking with Doctors is the story of Newman s efforts at a time of great stress and even impending death to wend his way through the dense thicket of medical consultations in search of a physician and a treatment that offered the possibility of survival It is the story especially of the harrowing process of assessing conflicting expert opinions and in so doing of making sense of the priorities personalities and vulnerabilities of different doctors All too often he found the leading specialists to whom he was sent were strangers in the consulting room and strangers who became stranger still both cognitively and emotionally when ambiguous findings pushed them to the outer limits of their training and experience Newman writes poignantly of his sense of powerlessness and desperation of the painstaking means by which he ascertained what could be known about his tumor and of the fortuitous events that finally led him to life saving help Talking with Doctors is a compelling absorbing unsettling story that touches a collective raw nerve about the experience of doctors and medical care when life threatening illness leads us to subspecialists at major medical centers Probing the nature of medical authority

and the grounds of a trusting doctor patient relationship Newman illuminates with grace and power what it now means for a patient to participate in life and death medical decisions
