their origin during that period as well which emphasizes that this art form was always part of the society However since the 18th century drag became an art which fights for the equality of the LGBTQ community During the 1920s Julian Eltinge became the first famous American drag artist with their variety show and the American society was tolerant towards their queer art However after the Second World War and the sex crime fears in 1930 drag acts were frowned upon Nevertheless in 1970 drag emerged with the beginning of drag balls being organized During those runway shows experienced drag queens got the opportunity to take up upcoming drag artists and potentially give them a home which made them become drag mothers as well as the head of their own House
