## **Unofficial Countryside:**

The Unofficial Countryside Richard Mabey, 1999 This is in the most literal sense a triumphant book THE TIMES Under the banner of progress urban and suburban development is fast wiping out our rural heritage Yet Nature is adapting to even the worst of Man s excesses and in this brilliant book Richard Mabey reveals the astonishing rich world of animal and plant life surviving and often thriving among docklands railways factories and canals From orchids growing in abandoned cars to kestrels over Kensington this is Britain s UNOFFICIAL COUNTRYSIDE Every once in a while I get the intense pleasure of opening a book and finding it an entirely new way of looking at things Such a book is Mr Mabey s Truly remarkable DAILY EXPRESS Mr Mabey s book is one that should hearten those who feel their surroundings are too mundane and spoiled to provide sanctuary for wildlife COUNTRYSIDE

**Landscape and Subjectivity in the Work of Patrick Keiller, W.G. Sebald, and Iain Sinclair** David Anderson, 2020 Studies the work of British film maker and writer Patrick Keiller German writer W G Sebald and Welsh writer and film maker Iain Sinclair to illustrate how they represent a highly significant moment in English literature and film s engagement with landscape and environment

**England's Green** David Matless, 2024-08-12 A sweeping history of how ecological challenges have shaped English society over the last sixty years England s Green explores how environmental concerns have shaped and reflected English national identity since the 1960s From agriculture to leisure climate change folklore archaeology and religion David Matless shows how national environmental debates connect to the local regional global and postcolonial worlds Moving across a breadth of material including government policy popular music ecological polemic and television comedy England s Green shows the richness and complexity of English environmental culture Along the way Matless tracks how today s debates over climate and nature land and culture have been molded by events over the past sixty years

**Contemporary Literary Landscapes** Daniel Weston, 2017-05-15 Writing landscapes inevitably occurs in dialogue with a long textual and pictorial tradition but first hand experience also provides key stimuli to many writers accounts This monograph employs a comparative lens to offer an intervention in debates between literary scholars who focus on genre and those cultural geographers who are concerned that self perpetuating literary tropes marginalize practical engagements Suggesting that representation and experience are not competing paradigms for landscape Daniel Weston argues that in the hands of contemporary writers they are complementary forces building composite articulations of place In five case studies Weston matches a writer to a mode of apprehending place W G Sebald with picturing Ciaran Carson with mapping Iain Sinclair with walking Robert Macfarlane with engaging Kathleen Jamie with noticing Drawing out a range of sites at which representation and experience interact Weston s argument is twofold first interaction between traditions of landscape writing and direct experience of landscapes are mutually influential and second writers increasingly deploy style form and descriptive aesthetics to recover the experience of place in the poetics of the text itself As Weston shows emergent landscape writing shuttles across generic boundaries

reflecting the fact that the landscapes traversed are built out of a combination of real and imaginary sources *Modern British Nature Writing, 1789-2020* Will Abberley, Christina Alt, David Higgins, Graham Huggan, Pippa Marland, 2022-03-17 This first full length study of modern British nature writing is timely and invaluable for literary scholarship in the environmental crisis **An Environmental History of Wildlife in England 1650 - 1950** Tom Williamson, 2013-12-05 Choice Outstanding Academic Title 2014 While few detailed surveys of fauna or flora exist in England from the period before the nineteenth century it is possible to combine the evidence of historical sources ranging from game books diaries churchwardens accounts and even folk songs and our wider knowledge of past land use and landscape with contemporary analyses made by modern natural scientists in order to model the situation at various times and places in the more remote past This timely volume encompasses both rural and urban environments from 1650 to the mid twentieth century drawing on a wide variety of social historical and ecological sources It examines the impact of social and economic organisation on the English landscape biodiversity the agricultural revolution landed estates the coming of large scale industry and the growth of towns and suburbs It also develops an original perspective on the complexity and ambiguity of man animal relationships in this post medieval period **Town & Country Planning** ,2001 ECOS ,2005 The Unofficial Countryside Wai-Kong So, 2017-01-26 *Report* Nature Conservancy Council (Great Britain), 1978 **Wildlife** ,1974 *BBC Wildlife* ,2009 **The Publishers Weekly** ,1916 *Country Life* ,1974 **Green Pages** ,1988 **City Wildspace** Bob Smyth, 1987 **Discussion Papers in Conservation** ,1981 **A Fast-forward Version of England** Silvia Mergenthal, 2003 Medical Book Guide ,1974 Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office Library of Congress. Copyright Office, 1976
