Native American Legends An Anthology of Creation Myths and Origin Tales G.W. Mullins, 2020-05-26 Native American Mythology began long before the European settlers arrived on North American soil The most popular of these myths usually are the ones dealing with Creation and Origins of people places and things These myths deal with both how the physical world as we know it came to be and how the many features of specific cultures originated They cover areas of gods and man and why we were separated where did the different races come from and when did evil surface Being there were so many different tribes with countless beliefs and customs the only way to understand these beliefs is through understanding the Native American stories In this book there is a wide landscape of different tribes that present a true look at these beliefs Among the stories included in this anthology are Creation of the First Indians Creation of the Red and White Races In the Beginning How the Great Chiefs Made the Moon and the Sun Origin of Fire The First Moccasins The Origin of Game and of Corn The Origin of Medicine The Origin of Summer and Winter Origin of the Animals Origin of the Buffalo Origin of the Clans Origin of the Sweat Lodge The Origin of the Winds The Origin of Yosemite The Origin of Earth Origin of the Lakota Peace Pipe How the World Was Made The First Fire Origin of the Pleiades And the Pine and many more

The Native American Story Book Volume Five Stories of the American Indians for Children G.W. Mullins, 2018-02-06 Native Americans did not write down or record their history so we have to find out about their past in other ways They used games myths dance and impersonation to teach the children of their history and ways of life Their storytelling was filled with family heritage and stories of the earth It is through storytelling that the rich history of the Native American tribes is alive and well today It has been shared and preserved and still pays tribute to fallen heroes of the past It is through these glimpses into the past and these stories much like the ones that are contained in this book that you can see what a proud heritage they possess and how in tune with the Earth Native
