BOOK JACKET George Eliot and the Conventions of Popular Women's Fiction Susan Rowland Tush, 1993 This work uses George Eliot's essay Silly Novels by Lady Novelists as a guide for examining Eliot's response to the literary conventions prevalent in Victorian women's fiction In her essay Eliot refers to six popular novels which are now extremely rare This work is the first to examine these novels and the role that their conventions play in Eliot's own fiction Accordingly Adam Bede is seen within the context of Evangelical fiction The mill on the Floss is viewed as a oracular novel and Middlemarch is compared to the mind and millinery novels Eliot's essay and silly novels she discussed thus provide a new way of measuring her fiction by her own yardstick

Imperialism at Home Susan Meyer,1996 The implicit link between white women and the dark races recurs persistently in nineteenth century English fiction *Imperialism at Home* examines the metaphorical use of race by three nineteenth century women novelists Charlotte Bront Emily Bront and George Eliot Susan Meyer argues that each of these domestic novelists uses race relations as a metaphor through which to explore the relationships between men and women at home in England In the fiction of for example Anthony Trollope and Charles Dickens as in nineteenth century culture more generally the subtle and not so subtle comparison of white women and people of color is used to suggest their mutual inferiority The Bronte sisters and George Eliot responded to this comparison Meyer contends transforming it for their own purposes Through this central metaphor these women novelists work out a sometimes contentious relationship to established hierarchies of race and gender Their feminist impulses in combination with their use of race as a metaphor Meyer argues produce at times a surprising if partial critique of empire Through readings of *Jane Eyre* *Wuthering Heights* *The Mill on the Floss* *Daniel Deronda* and Charlotte Bront s *African juvenilia* Meyer traces the aesthetically and ideologically complex workings of the racial metaphor Her analysis is supported by careful attention to textual details and thorough grounding in recent scholarship on the idea of race and on literature and imperialism
