Women In Iran:

Women in Iran from 1800 to the Islamic Republic Lois Beck, Guity Nashat, 2004 The role of women in Iran has often been downplayed or obscured particularly in the modern era This volume demonstrates that women have long played important roles in different facets of Iranian society Together with its companion *Women in Iran from the Rise of Islam to 1800* this volume completes a two book project on the central importance of Iranian women from pre Islamic times through the creation and establishment of the Islamic Republic It includes essays from various disciplines by prominent scholars who examine women's roles in politics society and culture and the rise and development of the women's movement before and during the Islamic Republic Several contributors address the issue of regional ethnic linguistic and tribal diversity in Iran which has long contained complex heterogeneous societies

Women in Iran from the Rise of Islam to 1800 Guity Nashat, Lois Beck, 2003 Combining scholarship from a range of disciplines this collection of essays is a comprehensive examination of the role of women in Iranian society and culture from pre Islamic times to 1800 The contributors challenge common assumptions about women in Iran and Islam Sweeping away modern myths these essays show that women have had significant influence in almost every area of Iranian life Focusing on a region wider than today's nation state of Iran this book explores developments in the spheres that most affect women gender constructs family structure community roles education economic participation Islamic practices and institutions politics and artistic representations The contributors to this volume are prominent international scholars working in this field and each draws on decades of research to address the history of Iranian women within the context of his or her area of expertise This broad framework allows for a thorough and nuanced examination of the history of a complex society

Women And Revolution In Iran Guity Nashat, 2021-11-28 Iranian women acquired greater legal social and economic opportunities during the past three decades than in any other period of history yet they participated in large numbers in the 1979 revolution to overthrow Shah Mohammad Reza Pahlavi Ironically they may have lost more than any other group from the changes introduced and stand to lose even more from changes contemplated by leaders of the current regime The role of women in the revolution the reasons for their participation and their subsequent fate are documented in this volume The authors examine the status of women in pre revolutionary society the ways in which their lives were affected by Islamic principles and the changes that occurred throughout the twentieth century as increasing numbers of women entered the labor force and public life They then turn to recent political events describing the participation of working class rural and educated women and activists from both the right and left Finally they consider the implications of recent government politics aimed at limiting women's activities outside the home and encouraging a return to more traditional roles

In the Eye of the Storm Mahnaz Afkhami, Erika Friedl, 1994 *Voices From Iran* Mahnaz Kousha, 2002-11-01 Mahnaz Kousha interviewed fifteen Iranian women in Tehran who originally came from cities and towns throughout Iran The youngest was 38 the eldest in her 50s Extensive excerpts from their dialogues

form the heart of this remarkable book. With admirable candor, the women explore their relationships with their mothers, fathers, husbands, and children. They reflect upon the institutions of courtship and marriage and address issues of childcare, housework, and women's employment. They talk openly about their concerns, ambitions, and frustrations. Finally, they discuss everyday personal problems and the solutions they devise to cope with such difficulties. Offset by telling commentary, these conversations offer significant firsthand insights into the life experiences of the modern Iranian woman and her brave search for identity. Because it covers previously uncharted ground, this volume fills a sizable gap in the study of gender and family relationships in Iran. Abundant footnotes on similar studies in the United States and other countries not only add sociological richness but also make the book relevant beyond Iran and the Middle East.

In the Shadow of Islam Azar Tabari, Nahid Yeganeh, 1982. National Union of Women in Iran. ETEHAD e MELLI e ZANAN.

Jewels of Allah Nina Ansary, 2015. The popular narrative about women's lives in Iran over the last forty years goes something like this: During the Pahlavi Monarchy, women were on an upward trajectory. In a nation on the cusp of modernity, women actively participated. They were given the right to vote and were free to be in public without veils; they wore miniskirts on university campuses. Then came the Islamic Revolution in 1979, with Ayatollah Khomeini at the helm. The burgeoning freedoms for women were extinguished. The veil was required, and institutions were segregated by gender. The Islamic Republic had thus achieved its goal of resurrecting the image of the traditional Muslim woman. The problem with popular narratives is that despite their convenient half-truths, the real story is more complicated, unexpected, and less tidy. Inspired by author Nina Ansary's scholarly journey, *Jewels of Allah* is a provocative roller coaster ride that shatters the stereotypical assumptions and the often misunderstood story of women in Iran today. Highlighting many courageous female leaders and advocates throughout Iran's history, the book illuminates the unanticipated consequences of the Islamic Revolution and the unexpected twists and turns leading to a full-blown feminist movement within a post-revolutionary patriarchal society. *Jewels of Allah* is dedicated to every individual oppressed by discriminatory ideology. 100% of all proceeds from the sale of the book will go to charitable organizations and institutions, with the primary recipient being the OMID Foundation, a 501(c)(3) registered organization that has been empowering disadvantaged young women in Iran for over 10 years. Women, Power and Politics in 21st Century Iran Tara Povey, Elaheh Rostami-Povey, 2012. A truly fascinating insider's look at the experiences of Iranian women as academics, political, and civil society activists, this book counters the often inaccurate and misleading stereotyping of Iranian women to present a vibrant and diverse picture of these women's lives. A welcome and unique addition to the vibrant and growing literature on women, Islam, development, democracy, and feminisms.

The Women's Rights Movement in Iran Eliz Sanasarian, 1982.

Women and Equality in Iran Leila Alikarami, 2019-05-30. Iran's continued retention of discriminatory laws stands in stark contrast to the advances Iranian women have made in other spheres since the Revolution in 1979. Leila Alikarami here aims to determine the extent to which

the actions of women's rights activists have led to a significant change in their legal status. She argues that while Iranian women have not yet obtained legal equality, the gender bias of the Iranian legal system has been successfully challenged and has lost its legitimacy. More pertinently, the social context has become more prepared to accommodate legal rights for women. Highlighting the key challenges that proponents of gender equality face in the Muslim context, Alikarami attempts to ascertain the causes of Iran's failure to ratify the CEDAW and questions whether and to what extent interpretations of Islamic principles prevent Iran from doing so. Applying feminist legal theory to contemporary Iran, Alikarami's approach re-evaluates the underlying principles that have shaped the struggle for equal rights between the sexes.

Becoming Visible in Iran Mehri Honarbin-Holliday, 2009-02-28

The state of women in Islamic societies is the subject of much interest and heated debate. Yet these discussions and representations in the media and elsewhere rely on inadequate information and misperceptions, imagining Muslim women as oppressed victims in need of liberation by outside forces. *Becoming Visible in Iran* disputes these widespread stereotypes, providing a vivid account of women in contemporary Iran as they go about their daily lives. Beginning at home, women are infusing dramatic change by challenging the patriarchal conceptions of their fathers, brothers, uncles, and others within the intimate sphere of family and home. Empowered by education, they transport the power of their minds and being from the domestic to the public and political. Mehri Honarbin-Holliday presents the experiences of these young women who wield a key, if indirect, political influence on the seemingly male-dominated politics of this society as they achieve a new visibility. She shows us how women understand their place in contemporary Iranian society and how they interrogate it, making demands for shifts in attitudes and behaviours both at home in relation to male relatives and in the wider world. Women's daily existence weaves between the public and the private, from home to classrooms, parks, metros, cafes, and taxis, negotiating socio-political limitations and the current regime's policies of female invisibility. Detailed interviews and striking narratives draw our attention to the women's reflexive and critical stance and their desires to be recognized as independent and active architects of their own personal lives, whilst also contributing to the discourses of change and a more just civil society. From this fieldwork and focusing especially on young women, Honarbin-Holliday presents women's views on such key topics as public visibility, body presentation, and sexual curiosity, in addition to education, civil society, and political and social change. Highlighting links and continuities with the history of women in Iran from the early twentieth century to the present moment, she shows how Iranian women today strive to be the author of one's fate, to resist narrow interpretations of religion, to conduct meaningful, rich, and complex lives, to bring about change in the mindsets of male relatives, and to contribute to legal and political debates in the country. For its direct presentation of women's voices, as well as its analysis and insight, this book is a vital contribution to our understanding of the lives of Muslim women and the possibilities before them today. *Becoming Visible in Iran* is indispensable for those concerned with women in Islamic societies, gender studies, sociology, anthropology, as well as Iran and the Middle East.
