Language Attitudes and Identities in Multilingual China Sihua Liang,2014-12-04 These in depth case studies provide novel insights in to the fast changing language situation in multilingual China and how it changes the

meanings of language identity and language learning This linguistic ethnographic study of language attitudes and identities in contemporary China in the era of multilingualism provides a comprehensive and critical review of the state of the art in the field of language attitude research and situates attitudes towards Chinese regional dialects in their social historical as well as local contexts The role of language policies and the links between the interactional phenomena and other contextual factors are investigated through the multi level analysis of linguistic ethnographic data This study captures the long term language socialisation process and the moment to moment construction of language attitudes at a level of detail that is rarely seen The narrative is presented in a highly readable style without compromising the theoretical sophistication and sociolinguistic complexities

Teaching and Learning Chinese in Higher Education Yang Lu, 2017-02-24 Teaching and Learning Chinese in Higher Education deals with the current issues and challenges faced by teachers and learners of Chinese Written by leading professionals and academics the book is the first collection of research articles based on data collected in higher education institutions in the UK The studies focus on concerns related to learners of Chinese as a foreign language CFL and aim to establish studies on teaching Chinese as a foreign language TCFL as part of the mainstream of applied linguistics The contributors have applied their theoretical backgrounds in applied linguistics and education to tackle issues such as how to benchmark the Chinese written language with CEFR how to integrate standardised Chinese proficiency tests with institutional assessments and teaching methodologies Teaching and Learning Chinese in Higher Education will be invaluable to professionals academics and students seeking theoretical frameworks in applied linguistics for TCFL
