The spectral boy: poems , **The Spectral Boy** Donald Petersen,1964 *Reading Children* Patricia Crain,2016-05-02 What does it mean for a child to be a reader and how did American culture come to place such a high value on this identity Reading Children offers a history of the relationship between children and books in Anglo American modernity exploring long lived but now forgotten early children s literature discredited yet highly influential pedagogical practices the property lessons inherent in children s book ownership and the emergence of childhood itself as a literary property The nursery and schoolroom version of the social contract Crain argues underwrote children s entry not only into reading and writing but also into a world of commodity and property relations Increasingly positioned as an indispensable form of cultural capital by the end of the eighteenth century literacy became both the means and the symbol of children s newly recognized self possession and autonomy At the same time as children s legal and economic status was changing childhood emerged as an object of nostalgia for adults Literature for children enacted the terms of children s self possession often with explicit references to property contracts or inheritances and yet also framed adult longing for an imagined past called childhood Dozens of colorful illustrations chart the ways in which early literature for children was transformed into spectacle through new image technologies and a burgeoning marketplace that capitalized on nostalgic fantasies of childhood conflated with bowdlerized fantasies of history Reading Children offers new terms for thinking about the imbricated and mutually constitutive histories of literacy property and childhood in the eighteenth and nineteenth centuries that ground current anxieties and long held beliefs about childhood and reading *The Guardians* William Joyce,2012-10-16 This ebook boxed set of the first three Guardians books is the perfect companion to the Rise of the Guardians movie Of course you know the Guardians You ve known them since before you can remember and you ll know them till your memories are like twilight Santa the Easter Bunny the Tooth Fairy and the others But where did they come from How did they become beloved and worthy of holidays And what nefarious evildoer prompts them to band together and protect the children of the world Answers are revealed and imaginations unfurl in this this treasure trove of an ebook collection This set includes the first three titles in the Guardians chapter book series Nicholas St North and the Battle of the Nightmare King E Aster Bunnymund and the Warrior Eggs at the Earth s Core and Toothiana Queen of the Tooth Fairy Armies [Chicorel Index to Poetry in Anthologies and Collections in Print](#) Marietta Chicorel,1974 [Middle School Survival Kit](#) Lisa McMann,E. St. North and the Battle of the Nightmare William Joyce, Laura Geringer, 2011-10-04 Forget naughty or nice this is a battle of good vs evil Discover the origins of St Nick and follow along as the Guardians start their quest to rid the world of nightmares in the first Guardians chapter book from Academy Award winner William Joyce that inspired the beloved film *The Rise of the Guardians* Before SANTA was SANTA he was North Nicholas St North a daredevil swordsman whose prowess with double scimitars was legendary Like any swashbuckling young warrior North seeks treasure and adventure leading him to the fiercely guarded village of Santoff Claussen said to be home to the greatest treasure in all the East and to an even greater wizard Ombric Shalazar But when North arrives legends of riches have given way to terrors of epic proportions North must decide whether to seek his fortune or save the village When our rebellious hero gets sucked into the chaos literally the fight becomes very personal The Nightmare King and his evil Fearlings are ruling the night owning the shadows and sending waves of fear through all of Santoff Clausen For North this is a battle worth fighting and he s not alone There are five other Guardians out there He only has to find them in time **Success** ,1922 The Unhappy Medium Earl Wesley Fornell, 2014-11-06 Here Mr Split Foot do as I do exclaimed the child and the spirits obeyed her command Thus in 1848 thirteen year old Margaret Fox inaugurated the age of spiritualism Those early spirit manifestations in a humble New York farmhouse were but the beginning of a grand seance which for the next half century was to see persons returned from the dead walking upon the earth mingling freely with mortal Americans Ceremonies were performed which united in wedlock the living and the dead ghostly schoolboys returned from the land of the spirits to revisit their old schoolhouses upsetting the dignity of earthly classrooms Drivers of owl horsecars were intrigued by beautiful female spirits who rode their cars at night and promptly vanished if approached for a fare The colorful career of Margaret Fox the most famous medium of the era and the fountainhead of the cult of spiritualism attracted the attention of the most prominent public figures of the day For P T Barnum this phenomenon was another novelty to present to the American public Horace Greeley took a personal interest in Margaret and her sister he gave the movement extensive publicity Lincoln often invited Margaret Fox and other mediums to the White House for seances during which attempts were made to invoke the spirit of the Lincolns dead son Members of Congress judges and intellectuals of the day were well acquainted with her and with the spiritualist movement The course of this spirit invasion and the many and varied means by which men communicated with dwellers of the other world are the subjects of this volume With Margaret Fox the spirits spoke by rapping on floor and furniture With others they communicated by writing on slates by touching with ghostly hands by moving furniture one medium was so popular that his furniture followed him about like a pack of dogs Some spirits spoke directly through the mouths of entranced mediums And some were so bold or so talented that they were able to materialize in the flesh before properly receptive groups of people and happy indeed was the devotee who received a warm embrace from a lovely young spirit lady or a handsome ghostly gentleman during such a materialization The spirits who thus displayed their interest in this mortal world soon came to have a

considerable influence over whole segments of the American population For some spiritualism was a comforting means of maintaining contact with loved ones now departed For others it was a religion a blessed aid on the road to salvation For still others it provided practical assistance with more earthly problems Many found in it intriguing puzzles for scientific investigation And for the whole country it provided a constant source of excitement interest and entertainment Written in spritely prose and permeated with a grave humor this account of nineteenth century spiritualism will be equally satisfying to the casual reader interested in a good story and to the scholar seeking serious social history

Ebube's Atlas of the Invisible Melanie Ayers, 2024-12-17 2089 Africa hums with unseen energies a symphony of interwoven realities Beneath the vibrant tapestry of modern life lies a forgotten dimension a realm of ancestral whispers and silenced histories Ebube Udeozor a blind cartographer gifted with extraordinary sensitivity is tasked by the Pan African Alliance to map this spectral world Her neural linked device a fusion of bio engineered technology and African mysticism translates the metaphysical into vivid landscapes within her mind Guided by Ifeanyi her shape shifting guardian spirit Ebube embarks on a journey that will challenge everything she believes From the otherworldly cliffs of Dogon country to the misty peaks of the Drakensberg Mountains Ebube s journey unveils a hidden history Baobab trees hum with ancestral memory forgotten shrines pulsate with latent power and hidden caves whisper forgotten dialects But within this vibrant realm lurks the Mmanwu a parasitic entity feeding on stolen cultural narratives weaving a future devoid of African identity Ebube s mission transforms into a desperate race against erasure The spectral whispers become a cacophony blurring the lines between her consciousness and the collective trauma of the past Joined by Aisha Mkhize a brilliant historian Ebube navigates a perilous landscape where the past present and future collide Together they must confront the insidious emptiness of the Mmanwu not with force but with the vibrant tapestry of their own narratives their own ancestral memories In the heart of the Cradle of Humankind Ebube faces her ultimate test Can she weave a counter narrative powerful enough to heal the spectral realm and safeguard Africa s future Or will she be consumed by the very emptiness she seeks to fill Ebube s Atlas of the Invisible is more than a map it s a battle cry for cultural reclamation a testament to the enduring power of African narratives and a journey into the heart of what it means to truly see [The Boy's Playbook of Science](#) John Henry Pepper, 1912
